NO. 112

BANNER YEAR AT M'GILL UNIVERSITY

TWO HUNDRED AND EIGHT
STUDENTS GRADUATE

Duke of Connaught Sends Letter
Regretting Unavoidable
Absence

Montreal, May 1.—At the annual convocation of McGill University yesterday afternoon the fact that last year was the banner year of the university was emphasized by the fact that there were 71 students graduating from arts, 3 from science, 14 from law, 3 in dental science and 13 from the graduates school.

One of the last degrees to be conferred was that of Doctor of Laws on Sir Melbourn McTaggart Tait, K. C., D. C. L., chief justice of the Supreme court of the province of Quebec, but it proved one of the most interesting ceremonies of the afternoon.

A deep silence was observed everywhere when the same degree was presented in absentia to Hon. Charles Peers Davidson, M. A., D. C. L., Judge of the Superior court of the province of Quebec, professor of criminal law, McGill University. The silence was in recognition of the bereavement which came to him through the Titanic disaster and which prevented his presence to receive the honor in person.

Principal Peterson read a letter from the Duke of Connaught as follows:

"I should be very glad if, on the occasion of the graduation ceremony on Friday next you would express to those present my very great regret that owing to the number of engagements I had previously made, I am prevented from being present. I have been long enough in Canada to be able to appreciate the intense value which the university of McGill is to the Dominion."

The medical degrees will be awarded in June.

RECEIVE DEGREES.

Winnipeg, May 11.—At the convention of the Manitoba University yesterday the degree of doctor of laws was conferred on Daniel McIntyre, superintendent of schools, and Rev. R. C. Johnstone, assistant librarian of the Winnipeg Carnegie library.

BUILDING RAILWAY TO HUDSON BAY

Contract for Section of Line
Will Be Awarded
Shortly

Ottawa, May 11.—Specifications for the contract for the second section of the Hudson Bay railroad have now been prepared, and tenders will be called for very shortly. The second section consists of some 120 miles.

The department of railways and canals is preparing to send out men with the steamer "Minto" which leaves shortly for the Hudson Bay country to make a report on the best location for terminals and docks at either Fort Churchill or Port Nelson. No word has yet been heard from the engineers who were sent overland from Winnipeg to make a report on the two ports.

SAIL FOR CANADA.

London, May 11.—A. W. Smithers and H. Deer, of the Grand Trunk Railway, sail by the Mauretania today. Despite the official denial of the last week, rumor remains chiefly busy with the name of Sir Thomas Tait for the presidency of the Grand Trunk Railway.

DIVORCE CASE DROPPED.

New York, May 11.—The suit for divorce begun in November, 1910, by the wife of Richard Harding Davis, the author, has been discontinued by order of the supreme court Justice Guy. The application for the discontinuance was made by Mrs. Davis, Mr. and Mrs. Davis were married in 1899. When Mr. Davis was in London and Miss Cecilia Clark was at her home in Chicago, he proposed and was accepted by her. A messenger brought from London an engagement ring, 4,000 miles, to Miss Clark.

MINISTERS WILL TRAVEL.

Ottawa, May 11.—Hon. George Foster leaves May 21 for England to attend the initial meeting of the imperial trade commission, of which Lord Inchausti is chairman. A number of other ministers are planning to leave the city during the coming summer. Right Hon. R. L. Borden will probably take a trip to England, and Hon. J. D. Hazen is also expected to cross the ocean on naval business.

Hon. Messrs. White, Cochrane, Croft, Monk, Nantel and Rogers are all contemplating visits to the west before the next session of parliament.

SUNSHINE FOLLOWS LOUISIANA DELUGE

NIGHT OF TERROR
IN NEW ORLEANS.

Streets of City Flooded.—
Towns in Mississippi Valley
Swept by Storm

New Orleans, La., May 11.—New Orleans awoke this morning with the sun beaming upon last night's scene of confusion, when the city experienced a storm that, because of the flood in the river, was the most threatening ever known. No rain fell the latter part of the night, and the clouds had vanished this morning with prospects of a fair, warm day.

The river fell gradually from 2 o'clock this morning, after having exceeded all flood records here by a foot and a half.

Dawn brought relief and hope to thousands of people and ended a night of excitement and terror for those living in upstate towns and villages, behind levees, considered none too safe, because of the terrific rainstorm that swept down the Mississippi river from the northern portion of Louisiana to the Gulf. The deluge was accompanied by hail, lightning and wind, that dashed river water over levees from Baton Rouge south, tearing away temporary earthworks recently constructed.

From scores of towns, tales of conditions almost bordering on panic, where hundreds of frightened people left frame buildings and sought safety in brick and stone buildings, were received today.

Many places reported as much as six inches of rain within about four hours, ending at 10 o'clock last night, flooding towns and villages. At dozen of places up and down the river, where levees were becoming weakened, citizens worked beside gangs of laborers all night in the driving rain, digging mud and piling sandbags on levee tops to keep the waters from the towns.

At New Orleans the wind backed up the water until the gauge at 10 o'clock registered 21.9 feet. Water was blown over the levees here in many places. At the Southern Pacific transfer ferry the water literally poured over the lines of sand bags placed about the ferry company's landing. Emergency gangs stopped the overflow after half an hour's work.

The city streets were turned into torrents, the water in several instances flooding business houses to the depth of four inches, filling basements and manholes. In addition to uneasiness, the city lighting plant was out of commission, and most of the city was in darkness for nearly an hour.

In the residence district the water was over the sidewalks by several inches. Hundreds were caught in the downpour, unable to get to their homes because of the crippled condition of the car service. Scores of well-dressed men took off their waterlogged shoes, slung them over their shoulders, rolled up their trousers to their knees and walked and waded to their homes.

WILL VISIT COAST.

Montreal, May 11.—Arriving in Montreal late Thursday night, the Duke of Sutherland, accompanied by his secretary, left last night for Toronto, and will go directly to Brooks, Alberta, and on to the Pacific coast, returning in a few weeks.

BONAR LAW HARPS ON RECIPROCITY

Charges Government With Assisting U. S. in Alleged Designs on Canada

London, May 11.—Andrew Bonar Law, the leader of the opposition, in the British House of Commons, addressed the annual love feast of the Primrose League in the Albert hall yesterday, directly charging Premier Asquith's government with assisting the United States in its alleged designs on Canada.

"The quarrel between President Taft and Col. Roosevelt showed that the object of reciprocity negotiations was to make Canada an adjunct of the United States," said Mr. Law. "It is the duty of the British government to look after the interests of the British Empire, but it went out of its way to try and make Canada an adjunct of the United States, from which it was saved by the action of the Canadian people."

SYDNEY DOCKS.

City Council Favors Granting Bonus of \$1,000,000.

Sydney, N. S., May 11.—The city council has decided to submit a by-law authorizing \$1,000,000 bonus to the British Canadian Shipbuilding Co., to be paid in four instalments, beginning when the docks are completed. The scheme involves an expenditure of \$3,000,000 by the company.

OF COURSE IT MIGHT HAPPEN

MEXICAN REBELS DRIVEN BACK

FEDERAL TROOPS
ASSUME AGGRESSIVE

Both Armies Reported to Be
Short of Food and
Water

El Paso, Tex., May 11.—General Pascual Orozco's advance guard of rebels has been driven back toward Escalon, the central base of the insurgents in Northern Mexico.

Instead of being on the defensive the government troops in the past twenty-four hours have pushed the attack vigorously, forcing the rebels northward nearly twenty miles to Conejos, about 200 miles from Chihuahua. Shortage of water and food, and general unsanitary conditions are having effect on both armies. Fever among the soldiers is prevalent.

Fighting between federal and rebel armies was resumed late yesterday, according to telegrams received to-day. General Orozco was directing the rebel army in person from Terro, fourteen miles north of Conejos.

Revolution Spreads.
Washington, D. C., May 11.—Uprisings are becoming general in Southern Tamaulipas, Northern Vera Cruz and the eastern part of San Luis Potosi, all in the eastern part of Mexico, according to state department reports. Fighting is reported at Xicotencatl, Tlacuahuila, Gomez and Farias, where a number are reported killed and wounded. Other bands are reported operating at San Diego.

Although official reports show that only 2,000 were engaged in the battle at Tlacuahuila, Durango, the battle is being hard fought. The rebels have renewed their activities at Tres Marias, Morelos.

Considerable excitement prevails at Salina Cruz and the state department is informed that 100 refugees will board the army transport Buford when she arrives there. A similar number probably will board at Acapulco and Manzanilla and about twenty will go aboard at San Blas.

Refugees Board Transport.
Matatlan, Mex., May 11.—The transport Buford reached Matatlan yesterday and took aboard nineteen Americans who had been living near or in that city.

The Buford, on leaving Matatlan, proceeded to Mazatlan to take on board any Americans who may desire to leave Mexico on account of the revolt.

WILL RAISE OLD SHIP.

Windsor, Ont., May 11.—Reposing at the bottom of Lake Erie for nearly a hundred years, Admiral Perry's old flagship Niagara will be raised. This was decided upon by the committee in charge of the peace centennial celebration which it is proposed to hold at Put-in-bay, Lake Erie, during August. The Niagara lies somewhere in the vicinity of Erie, Pa., and will lend some interesting comparisons between the fighting at that time and the present day.

FAVORS CHURCH ESTABLISHMENT

Bishop Perrin Says Lack of
Recognized Church Is
Loss to Canada

London, May 11.—Bishop Perrin, formerly of Victoria, B. C., defends the church establishment, declaring that his 18 years' experience in Canada convinces him of the fact that lack of an established church is a loss to the white community. He concluded by saying, "I would prefer the establishment of Presbyterians or Congregationalists rather than that there should be no recognized church."

REPORT OF TARIFF CHANGES DENIED

Power to Make General Reductions
Rests With Parliament Alone

Ottawa, May 11.—An authoritative denial is given to the report in the Toronto World that the government will shortly by order-in-council reduce the duties on agricultural implements, lumber, cement and several other items of the tariff schedule. It is pointed out in this connection that the Governor-General-in-Council has no authority to make general tariff reductions or increases, such power being authorized by parliament alone. No announcement as to general tariff changes is ever made, except during sessions of parliament, and then only in the budget speech. The government may transfer to the free list, grant a drawback or reduce the duty upon articles used in Canadian manufactures. Then the government may under exceptional circumstances remit in whole or in part duties paid. This was done in connection with the Western coal strike when the duty was remitted on coal imported from the United States, in order to guard against the possibility of a coal famine in the West. This power has, however, always been sparingly exercised by the Dominion government.

GRAIN SAMPLE MARKETS.

Proposal Will Be Considered By Commission at Winnipeg.

Fort William, Ont., May 11.—The grain commission left last night for Winnipeg to discuss many important matters with the railroad men and merchants. They will consider the establishment of sample markets. Professor McGill declared that the commission was curious to know if their introduction will affect transportation and what changes will be necessary to handle the situation. A. P. Campbell, the newly-appointed secretary, arrived yesterday.

BOY KILLED BY STATE TROOPS

SHOT DURING FIGHT
WITH STRIKE RIOTERS

Victim Was Standing in Yard
of His Home When Struck
by Bullet

Scranton, Pa., May 11.—A riotous demonstration, led by foreigners, at the Olyphant colliery to-day resulted in the killing of George Robarsky, a fourteen-year-old by the state troops. The troopers were riding down a crowd of rioters who were desperate in their manner, displaying firearms and hurling stones and clubs at the state police. The boy was standing in the front yard of his home, the mob nearby defiantly during the troopers to come on. The mounted police moved forward just as a volley of stones struck them. Several pistol shots were fired by the crowd. The troopers had their guns ready and were ordered to shoot. The police were ordered to fire low and the bullet that hit the boy was not intended for him. It passed through his body, over the heart.

The shooting for a time cowed the rioters, but they gathered in greater force as news of the boy's death spread. The police appear to have the situation well in hand.

NEW WELLAND CANAL.

Number of Contracts May Be Let Before Fall.

Ottawa, May 11.—It is announced that contracts for the new Welland canal will be let between now and autumn. The estimated cost of the new canal is from \$40,000,000 to \$50,000,000. The \$200,000 voted at the last session of parliament will cover the cost of anything which can be done between the time the contract will be let and the opening of parliament.

BODY FOUND IN WELL.

St. Thomas, Ont., May 11.—The body of Mrs. James Wallis, a widow 65 years of age, was found in a well at Talbotville. She had been ill and her son had come from Saskatchewan to take her back with him. This is the third suicide in the family.

KOOTENAY BY-ELECTION.

Nelson, May 11.—The date of the forthcoming by-election to fill the vacancy caused by the resignation of A. S. Goodeve will be June 2. The nominations will be held on May 20.

INDIANS ARE IN SULLEN MOOD

OFFICER TELLS OF
SEARCH FOR OUTLAWS

Steps Being Taken to Prevent
Murderers Learning of Police Movements

Clinton, May 11.—Chief Constable Burr, of Ashcroft, who has been here since the murder of Constable Kindness, a week ago, yesterday received a letter from Chief Constable Fernie, of Kamloops, who is personally directing operations in tracking the murderers, Spintium and Paul, stating that all the Indians in the vicinity of Canoe Creek and Dog Creek, who are in any way related to the murderers, are being rounded up and placed on the Canoe Creek reservation, where they will be kept under guard. These included Spintium's brother and family, also his mother and sister, Crazy Johnnie and family, and some of the Sampson family. Crazy Johnnie is Paul's father-in-law.

Chief Fernie further states that the district in which he is operating is in a state of panic, and that the local Indians are sullen and uncommunicative.

Special Constable George Webb, who is an Ashcroft cowboy, accidentally shot himself through the left foot with a heavy calibre revolver which slipped through a hole in his coat pocket, and was discharged when the hammer struck his knee. In company with another deputy, a Texas cowboy from Hazelton, he arrived here last evening, having driven 60 miles to-day with a single rig. He transferred here to an automobile and rushed through to Ashcroft for medical treatment.

The deputy states that some of the suspicious Indians have been disarmed, and that the system established by Chief Burr in Clinton of warning all storekeepers to sell no ammunition to any Indian is being enforced in the northern district. Some of the deputies apprehended Paul's mother and wife, who were travelling toward Dog Creek with a large quantity of supplies in a buggy and on a led pack-horse, seized the provisions and placed the women under arrest.

The tracking party was on short rations at Canoe Creek, but has plenty of food now. All boats along the Fraser river for one hundred miles have been seized, and the murderers cannot cross the Chilcotin without swimming, which at the present stage of the water is extremely dangerous, if not impossible. A number of Indians are camped at Big Lake, several miles northeast of Dog Creek, catching their season's supply of fish, and under the supposition that the murderers may be making toward them, their camp is closely guarded.

The party which yesterday scoured the brush between where the murderers were first located and the spot where Constable Kindness was shot, on the theory that Spintium had killed his partner and concealed the body, found nothing to confirm the theory. They will continue the search, however, until they are satisfied.

Supt. Campbell went north yesterday with additional deputies to join Chief Fernie.

POSTHUMOUS HONOR FOR W. T. STEAD

Nobel Committee Considers
Awarding of This Year's
Peace Prize

London, May 11.—The movement to secure this year's Nobel peace prize for the late William T. Stead is now in a fair way of success. The London Budget publishes the following letter from the secretary of the Nobel committee:

"To the Editor of the London Budget, Sir,—I have been instructed by the president of the Nobel committee of the Norwegian parliament to inform you that his Majesty the King of Norway has transmitted to him your honorable letter of the third instant concerning the late Mr. Stead.

"I have further been instructed to apprise you that your letter and the annexed documents will be laid before the committee.

"Yours truly,
"(Signed) RAGNVALD MOE,
"Secretary."

INJURIES PROVE FATAL.

New Westminster, May 11.—The death occurred in the Royal Columbian hospital of Mr. Cooke of Abbotsford. He had been caught by a cable and had his foot torn off, besides receiving other serious injuries to his legs. He had lost so much blood when he reached the hospital that he could not live. The hospital authorities know nothing of Mr. Cooke beyond his name and that he met his injuries in a mill.

MORE TROUBLE AMONG MINERS

SOUTH WALES IS
AGAIN STORM CENTRE

Men Protest Because Wages
Are Less Than Five Shillings a Day

London, May 11.—The recently enacted minimum wage law for miners has apparently broken down and Great Britain is threatened with another great crisis in the coal trade. Indications point either to a stampede in favor of repudiating the act or a split in the Miners' Federation.

As before, South Wales is the storm centre, the colliery laborers there objecting to the decisions of Lord St. Aldwyn, chairman of the local wages board, which gives less than the five shillings a day that the men expected to obtain under the new act.

At a conference to-day of the Cardiff Miners' Federation, it was decided not to participate in the work of the district wages board until the whole situation had been reviewed. A national conference has been called to meet in London next week.

C. B. Stanton, the Socialist leader, who took a prominent part in the recent strike, again headed the revolt. Stanton threatens to bring out all the transport workers in support of the miners if it comes to a strike.

J. B. ISMAY IN LIVERPOOL.

Declines to Talk Pending Testimony
Before British Commission.

Liverpool, May 11.—A large crowd awaited the arrival of J. Bruce Ismay, on board the Adriatic to-day and cheered him as he walked down the gangplank with his wife.

Mr. Ismay lifted his hat in acknowledgment of the reception, but excused himself from making any statement to the press. He had, he said, already given a statement of the facts to a reporter and a committee and he thought his evidence to be given before the British court of inquiry should not be anticipated.

Mr. Ismay was pale and haggard.

APPEAL TO U. S. CUSTOMS COURT

Question of Entry of Wood
Pulp and Paper Will Be
Decided

Washington, D. C., May 11.—The international commercial question, involving the right of entry of wood pulp and paper into the United States from all countries with which America is connected by treaties of commerce, was appealed yesterday to the United States court of customs appeals.

The appeal was from a decision of the general board of appraisers at New York, which held that the "favored nations" clause could not be invoked as Canada was a colony and "not a nation, state or country" within the meaning of the treaties.

RAILWAY AGREEMENT.

C. N. R. Gets Running Rights Into
Vancouver and Duluth.

Winnipeg, May 11.—When the agreement was signed between the Canadian Northern, the Great Northern and the Northern Pacific railways, giving the latter two roads running rights over the C. N. R. into the city of Winnipeg, the C. N. R. received in turn running rights into the city of Duluth and also into Vancouver. This was announced yesterday.

With an entrance into Duluth the C. N. R. will now be able to carry out plans which for some time have been hanging fire. One plan is to have a through train operated from Winnipeg through to Chicago. This train via Duluth would cut down the mileage considerably over the route via St. Paul and would do away with all changes and would further cut off three or four hours of the present running time between the two cities.

FIRE DESTROYS ELEVATORS.

Brandon, Man., May 11.—Fire which broke out yesterday morning completely destroyed the two elevators of The Maple Leaf Manufacturing Co. here, the total loss being about \$40,000, fully covered by insurance. There was about a thousand bushels of wheat in one elevator, the respective capacities being 20,000 and 175,000 bushels. The larger one was built to replace an elevator destroyed by fire last year. The fire started in the smaller elevator and was fanned by a high wind. The fire brought down wires of the Canadian Pacific Railway and for a time all through telegraphic communication was interrupted.

It's Goodbye to Corns

when you use

Magic Corn Cure

The greatest remedy of the day. Applied according to directions, it quickly RELIEVES THE PAIN, and EFFECTUALLY REMOVES THE CORN—leaving no soreness behind. It also cures Bunions, Callouses, etc.

INJURIES PROVE FATAL.

Edmonton, Alta., May 11.—James Barton, aged 52, a carpenter, died as a result of injuries received while engaged in moving a summer kitchen on Jacobella street. The kitchen had been cut in two and was being shoved

along with crowbars by the men employed on the job. The kitchen was top-heavy and one of the halves suddenly toppled over, crushing Barton to the ground. He was quickly extricated from the wreckage and removed to his home where he lingered in a semi-conscious condition for twenty-four hours.

ENVY TITANIC CAPTAIN'S END DISGRACED COMMANDERS LIVING IN RETIREMENT

Many Officers Who Regret That They Did Not Go Down With Ships

New York, April 11.—No one knew better than Captain Smith when his ship struck the iceberg that the Titanic had received her death wound and that in a few hours she would be resting on the bottom, but he stuck to his post and went down with flying colors.

Strange as it may seem, there are many men who envy him his tragic end. These are men who formerly commanded ocean steamships or large vessels of some sort and who forfeited their masters' certificates for some error of judgment, the commander of a steamship rarely getting a chance to make more than one mistake. These men are to be found in small villages in England, Germany, Holland, France, and down Long Island way, sorrowing their lives away in solitude because of the miscalculation which cost them their right to command a ship. Any one of these gray-bearded, heart-broken mariners would gladly exchange places with the commander of the Titanic. In many instances captains of vessels that have met with some mishap have committed suicide on the spot, not waiting for the inevitable suspension that was almost certain to follow.

Marine history records many cases of commanders going down with their vessels, but none that should cause a greater thrill of pride to an American than that of Commander William L. Herndon, U. S. N., who stood on the bridge of the steamship Central America, of the Pacific Mail line, when she went down in mid-ocean on September 12, 1857. A member of a family noted for its courage, father-in-law of President Arthur, he had the rank of lieutenant in the navy, a leave of absence permitting him to engage in the mercantile service. As is invariably the case, Lieutenant Herndon had plenty of opportunity to save himself, but he chose to go down with his vessel and the rest of her ill-fated passengers.

Admiral Tryon's Death.
Tales of the sea always bring to mind the unexampled courage of Sir George Tryon, Vice-Admiral of the British navy, who went down with the flagship Victoria when that vessel was rammed by the iron-clad Camperdown during the manoeuvres off the coast of Tripoli, Friday, June 22, 1893. The Victoria sank almost immediately, going down bow first and turning completely over before she disappeared from view. Between four and five hundred of the crew, officers and men, went down with her, and the last seen of Vice-Admiral Tryon he was on the bridge directing the men under him.

A story dear to the heart of the British sailor is that Vice-Admiral Tryon saluted the colors just as the swirling waters shut out his form forever. He was one of the prominent figures of the British navy, and his death caused profound regret throughout Europe.

Bourgoigne's Captain Brave.
Captain Louis Deloncle, commander of the French line steamship Bourgoigne when that vessel went to the bottom with 535 souls on July 4, 1898, is another hero whose courage will always be remembered. It was especially noteworthy in his case because of the alleged cowardly manner in which many of the men under him behaved. Following a collision with the steamer Cromartyshire about 60 miles south of Sable Island, the Bourgoigne went down not far from the spot now occupied by the Titanic.

In the confusion which followed the crash it was charged that many of the crew lost their heads and beat the women and children away from the lifeboats in their efforts to get to safety. About two hundred passengers were saved, and many of them testified to seeing members of the crew using their knives on women and children. This charge had corroborated when the sea gave up the bodies of women who had been backed to pieces. Members of the crew who reached this city and who were given anything but a cordial reception denied the charges of cowardice and shifted the blame to some of the male steerage passengers. This sea tragedy furnished one of the most gruesome chapters in marine history—one of the few cases in which a crew has been charged with cowardice. But every one of the rescued passengers had words of praise for Captain Deloncle.

He was the last to be seen on the doomed vessel. He stood with arms folded on his chest as his ship sank. The Bourgoigne's cargo was worth \$300,000, and its loss was considered a great one at that time. The cargo and personal property that went down with the Titanic was worth at least \$10,000,000, which shows how the value of cargoes has increased in the last fourteen years.

Captain Von Guessel, of the steamship Elbe, of the North German Lloyd line, was on the bridge of that vessel when she went down with 330 passengers followed a collision with the steamship Crathie off the coast of England, January 30, 1895.

Went Down With Ship.
One of the greatest disasters of recent years was the sinking of the Norge, a Danish emigrant steamship, on Wednesday, June 29, 1904. Of the 800 passengers only twenty-seven were saved when the vessel went to the bottom a short time after going to pieces on the Rockall rocks in the North Atlantic. Captain J. V. Gundel went down with his ship.

but elected to go down with the 152 passengers who perished. When the Berlin, the Great Western Railway Company's steamship, went down in a storm off the Hook of Holland February 21, 1897, the figure of Captain Precious, clinging to the rigging, was the last thing discernable to the watchers on shore.

Captain H. Brunswick went to his cabin and killed himself as soon as he made certain that all the passengers had been rescued from the Prinzessin Victoria Luise, of the Hamburg-American line, which ran on the rocks near Port Royal, Jamaica, on Sunday, December 18, 1900. The ship had left this city a few days earlier for a winter cruise and had many prominent persons on board. Captain Brunswick feared that his mistake would cost him his certificate, and decided to take no chances on an adverse verdict. His employers had every faith in his judgment, and it was almost certain that he could have cleared himself, but the dread of suspension and subsequent loneliness were too strong to stay his hand.

Shot Himself.
A bullet through the head ended the long career of Captain Giuseppe Parodi, commander of the Italian steamship Silvio, wrecked on the rocks near Hormigas Island August 2, 1906. Three hundred persons were drowned, and before he ended his life Captain Parodi admitted to those about him that his miscalculation had caused the disaster. He was sixty-two years old, and had been in charge of vessels for more than forty years.

Many are the instances in which the commander of a steamship has been reduced to private life, following a mishap to his vessel, the most recent case being that of Captain Inman Sealby, who was in command of the steamship Republic of the White Star line, when it was rammed by the steamship Florida of the Lloyd Italiano line, off Nantucket early on the morning of Saturday, January 23, 1909. The collision occurred during a dense fog. Six lives were lost in the accident. The Republic's passengers were transferred to the Florida, and later retransferred to the steamship Baltic, this hazardous feat in a rough sea being accomplished without a single mishap.

Captain Sealby Retired.
The Republic kept afloat until the following night, and then went to the bottom. Captain Sealby and some of the officers remaining on deck until a few minutes before the ship took its final plunge. Captain Sealby went bitterly as the lifeboat bore him away from the sinking vessel. It was generally conceded that his seamanship had not been at fault, and that he was not to blame for the collision, but he was dismissed from the service of the company. The fact that he is now, at the age of fifty, studying admiralty law in the University of Michigan shows the pluck and determination of the man.

A record of fifty years at sea was brought to a pathetic close when Captain Frederick Watkins, one of the most popular commanders, lost his certificate after the grounding of his vessel, the City of Paris, of the American line, on the British coast. No lives were lost, but the vessel was badly damaged before it was floated. The accident occurred on May 21, 1899, and in the investigation which followed Captain Watkins assumed entire responsibility for the error of judgment. It was his first mistake, but it finished his career.

Social Event Blamed.
Captain Le Horn's career came to an end when the steamship China, one of the biggest vessels of the Peninsular and Oriental Company, went aground on an island in the Red Sea, in 1897. The inquiry which followed disclosed the fact that Captain Le Horn had been helping Lady Brassey, a passenger, to celebrate her birthday. One of his subordinates said he had written several notes to his superior, warning him of the ship's danger, and that Captain Le Horn had ignored the warnings until it was too late.

SUIT TO DISSOLVE
STEEL CORPORATION

Testimony Given Regarding Prices of Steel and Wire Products

New York, May 11.—When the government's suit to dissolve the U. S. Steel Corporation was resumed yesterday, testimony was given to show the course of the prices of wire products, steel rails, steel beams, tinplate, etc., before and after the formation of the U. S. Steel Corporation in April, 1901.

A. Findlay, editor of an iron and steel trade paper, testified that steel rails in November, 1898, were \$16.50 a ton; in November, 1899, \$35; in September, 1900, \$26; in December, 1901, \$28, since which they have not varied.

The price of steel rails, the government contends, was permanently fixed at \$28 by agreement among the manufacturers at the time the steel corporation was formed.

On cross-examination, counsel for the defence brought out that in the last few years steel prices had declined, and as a general rule, were lower than when the corporation was formed.

GERMAN MARINE EXPERTS CONFER

Discuss Means of Safeguarding Life—Emperor Prepares Programme

Berlin, May 11.—Representatives of all the German steamship companies and of shipbuilders, marine architects, etc., held a conference under the chairmanship of Herr Del Bruck, the minister of interior, concerning the perfection of plans for the saving of life at sea. The minister announced that Emperor William personally had prepared the programme which embraced non-sinking devices and lifeboats, wireless telegraphy and ocean routes, the speed of vessels and general precautions for safety.

The reports showed that between 80 and 90 per cent. of the German crews were able to swim and to row lifeboats. There was no criticism of the existing steamship routes, but it was thought that in fog or when in close proximity to ice the speed of vessels should be reduced. The conference named a special commission to consider all the foregoing suggestions, and also lengthwise watertight compartments and the possibility of a vessel continuing afloat when more than two adjoining compartments are flooded.

The commission likewise will discuss measures to prevent wireless apparatus on ships being rendered useless through the destruction of the masts. The commission expects to make its report shortly after the investigation now being made in London into the sinking of the Titanic is ended.

SOCIALIST DEPRIVED OF CITIZENSHIP

Papers of Agitator Ordered Cancelled by Judge at Seattle

Seattle, Wash., May 11.—United States District Judge Cornelius H. Hanford yesterday ordered the cancellation of the citizenship papers of Leonard Olson, a Socialist agitator, on the ground that he committed a fraud when he swore that he was attached to the principles of the constitution of the United States.

This is said to be first case on record where a man has been deprived of citizenship because of alleged utterances.

Olson was given his certificate of citizenship by the Pierce County Superior court on January 10, 1910. He was alleged to have taken an active part in the recent Industrial Workers' disturbances in the northwest, and last week the United States district attorney began proceedings before Judge Hanford at Tacoma to revoke Olson's citizenship.

SWEPT BY STORM.

Serious Damage Wrought by Rain and Wind in Missouri and Kansas.

Kansas City, Mo., May 11.—A heavy rainstorm, in some places accompanied by a high wind which did damage of nearly \$75,000 yesterday visited Western Missouri, and Kansas, as far west as Ness county in the central west portion of that state. In Ness county the rain amounted to almost a cloudburst. In eastern Kansas, Parsons reported that streets were flooded and that a high wind had done damage amounting to more than \$50,000.

One man was reported killed south of Parsons. In Galena, and many smaller towns of southeastern Kansas the rain was heavy. The storm struck Kansas city shortly after dark and for two hours the downpour continued.

At Joplin many small buildings were damaged and mining plants injured. There also, as in other sections of the mining district of southwest Missouri, many mines were flooded.

WOMAN MURDERED.

Partly Burned Body Found in Unoccupied House in Los Angeles.

Los Angeles, Cal., May 11.—Los Angeles officials sought to-day the aid of Chicago police in the effort to unravel the mystery which surrounds the identity of the comely and apparently well-to-do woman who was found murdered and partly burned Thursday in an unoccupied house in Arlington avenue. Description of the woman, whom it is thought was killed with a beer bottle, that was found lying upon her body, have been telegraphed to Chicago, together with laundry marks and labels found upon her clothing.

People living near the house where the body was found, told the police they had seen a man sitting on the porch of the unoccupied house late last Tuesday, and that when they asked what he wanted there, he replied that he was waiting for his wife. No jewels were found upon the body of the dead woman, and everything of value had been removed from her purse.

PANAMA BUYING ARMS.

Republic is Preparing for its Approaching Presidential Election.

Washington, D. C., May 11.—Panama is preparing for its approaching presidential election by negotiating with the United States for the purchase of a supply of arms and ammunition. Dr. Arias, the minister from Panama, has asked the war department to sell his country 300,000 rounds of ammunition, rifles discarded several years ago by the United States regular army, and 200,000 cartridges. It was explained at

the legation that the police on guard at the polls may be called upon to use weapons more effective than the antiquated firing pieces with which they are now equipped. The election is scheduled to take place on the first Sunday in July.

ANOTHER TOWN INUNDATED.

Natchez, Miss., May 11.—The town of Vidalia, La., was flooded yesterday by water rushing through a new break in the Mississippi levee. Women and children are being brought to Natchez. The property loss will be heavy.

OFFICERS MUST

NOT USE TOBACCO

Resolution is Adopted at Conference of Methodist Episcopal Church

Minneapolis, Minn., May 11.—Commendation of Indian Commissioner Robert G. Valentine for his order that in government schools all insignia of any religious order be removed and that those wearing a distinctive church garb lay such aside while engaged in government duties, was given in a resolution adopted by the general conference of the Methodist Episcopal church.

The resolution urges that "as the president, at the solicitation of a certain ecclesiastic, directed that the order of the commissioner be suspended pending a future hearing, which hearing was held on April 8, the same now be enforced." Secretary of the Interior Fisher put the order into immediate effect instead of withholding his decision until August 1, as he had announced.

The conference adopted a resolution preventing election to any office of the general conference of any man who uses tobacco in any form, and went on record as favoring the union of the Methodist Episcopal church and Methodist Episcopal church south.

In the last week the episcopacy committee, which practically decides the high elective positions of the church, has been holding executive sessions. At a meeting Wednesday night, which lasted until early Thursday morning, it is said the committee was deadlocked on the number of bishops that should be retired at the present session. "Standpaters" in the organization, it is said, favored the retirement of only a few, while the insurgents urged the retirement of a large number. At an unannounced meeting held Thursday, it is said, practically it was decided but one bishop should be retired, and that only four should be elected, and one of these may be a missionary bishop. There are approximately 200 candidates for bishops. Four bishops have died since the conference at Baltimore, and if this plan is followed the church will have one less bishop than four years ago.

LIFESAVERS ADRIFT

TWENTY-FOUR HOURS

Captain and Seven Men Are Forced to Swim Through Rough Seas to Shore

Bay City, Ore., May 11.—The life saving crew from the Garibaldi station, Captain Farley and seven men, which left the scene of the grounding of the steamer Vosburg at Nehalem on Wednesday, arrived here yesterday, after exciting experiences.

The lifesaving crew drifted about the ocean off the Tillamook coast for over twenty-four hours, unable to make the entrance to Tillamook bay owing to the rough seas. They were forced to run before the wind down the coast and saved themselves to-day by anchoring their lifeboat a half mile from shore, four miles south of Lookout, a point of land 15 miles south of Tillamook bay, and swimming ashore. The men then made their way through the brush to this port, where they arrived in a badly battered condition.

RETURNING TO WORK.

Number of Railway Laborers Desert Ranks of I.W.W.

Vancouver, May 11.—W. K. Gwyer, division engineer on the C.N.R. for a 28-mile section east of Yale, is in Vancouver. He reported to T. H. White, chief engineer, that the strike situation in his territory is improving. There are now over eight hundred men at work and 50 per cent of them are laborers who have repudiated the I.W.W. Mr. Gwyer expects to see construction completed on No. 3 division by the end of September.

DARING ROBBERY.

Burglars Dig Hole Through Wall of Jewelry Store.

Winnipeg, May 11.—Wheatley's jewelry store at Regina was visited by burglars Thursday night and \$10,000 worth of jewelry taken. An entrance was obtained through a brick wall, a hole, the size of a man, being made right into the store. The steel safe containing \$30,000 worth of diamonds was overlooked. The work was that of a professional as the bricks and material taken from the hole, used as the entrance, were carefully piled up, and it must have taken the gang all night to complete their operations.

VERNON IMPROVEMENTS.

Vernon, May 11.—The passing of all the money by-laws submitted to the people of Vernon will now enable this city to make further strides towards the development of the municipal system. The council is now empowered to borrow in all the sum of \$121,500. This amount will be disbursed as follows: Improvements to municipal buildings, \$17,500; road improvements, \$24,000; purchase of equipment, \$10,000; construction of new power house, \$90,000; extension to prevent power plant, \$10,000; extension to prevent water system, \$10,000.

SURVEY PARTIES

LEAVE EDMONTON

Canadian Northern Employees Active in the Province of Alberta

Edmonton, Alta., May 11.—Survey parties, construction gangs and shipments of equipment for railroad construction are leaving the city almost daily. E. L. Boyce, C.N.R. engineer, left for the Peace River with twenty men, forty pack horses and equipment and supplies sufficient for a six month stay. The party will complete the survey of the C.N.R. Peace River branch as far as the Pine Pass. Purchasing agents will follow immediately behind the survey party buying land required for the right of way. The purchase of most of the land required by the company in the Grande Prairie country was arranged for by Mr. Bickerton, the company's right of way agent, last fall.

The third trainload of workmen, equipment and supplies, has left the city for the Onoway-Peace River branch of the C.N.R. At the present time there are, according to the Northern Construction Company, no less than 500 men, 300 horses and mules and eight grading outfits at work on the line. A large proportion of the men going out on the grades are men coming from Winnipeg and Eastern points.

CELEBRATION OF

PEACE CENTENARY

Canadians to Co-operate With British and United States Committees

Ottawa, May 11.—A call has been sent out for a meeting of prominent Canadians to be held in the railway committee rooms of the House of Commons on June 4. The object is to organize a Canadian committee to co-operate with the British and United States committees in arranging a celebration of one hundred years of peace among the English-speaking people. It is expected that there will be a large attendance.

TO FEDERATE COLLEGES.

Theological Organizations of McGill University Agree on Basis of Organization.

Montreal, May 11.—The proposal to federate the four theological colleges affiliated with McGill University is now assuming concrete form. The scheme put forward having been endorsed by the governing boards of the Anglican, Presbyterian, Wesleyan and Congregational colleges. The details have been referred to a sub-committee to work out and in all probability there will be a union college in operation next season. One stumbling block is the financial problem, but it is anticipated that this can be overcome, as funds necessary to make the plan a success have been guaranteed by laymen of the provisional committee.

Under the scheme, the colleges will retain their autonomy, but union lectures are to be given in leased buildings pending the establishment of a permanent union lecture building. With the union college an established fact, it will be the second largest theological college on the continent, the exception being the Union Seminary of New York, and it will have sixteen faculties.

The form of government suggested is a board of governors, a council or senate and a faculty.

DRINK CURE A MIRACLE?

No, Just Sound Science.

Many drunkards are sent to jail when what they need is medicine. Drink has undermined their constitutions, inflamed their stomach and nerves until the craving must be satisfied if it is not removed by a scientific prescription like Samaria.

Samaria Prescription stops the craving, restores the shaking nerves, builds up the health and appetite and renders drink distasteful, even nauseous. It is odorless and tasteless and dissolves instantly in tea, coffee or food. It can be given with or without the patient's knowledge.

Read what it did for Mrs. G. of Vancouver:

"I was so anxious to get my husband cured that I went up to Harrison's Drug Store and got your remedy there. I had no trouble giving it without his knowledge. I greatly thank you for all the peace and happiness that it brought already into my home. The cost was nothing according to what he would spend in drinking. The cure of drink was putting me into my grave, but now I feel so happy and everything seems so different and bright. May the Lord be with you and help you in curing the evil. I don't want my name published."

Now if you know of any unfortunate needing Samaria treatment, tell him or his family or friends about it. If you have any friend or relative who is forming the drink habit, help him to release himself from its clutches. Write to-day.

A FREE TRIAL PACKAGE of Samaria Prescription with booklet giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write to-day. The Samaria Remedy Co., Dept. 75, 49 Colborne St., Toronto, Canada; also for sale at Hall & Co.'s Drug Store, corner Yates and Douglas Sts., Victoria.

TOURING THE WORLD.

New York, May 11.—His Royal Highness, Prince Rastom, brother of the Khedive of Egypt, arrived here on the Kron Princess Cecilie for a three-months' sojourn in the United States and Canada. The prince announced he is travelling incognito. He is 35 years old and has been travelling since he was 6. He has visited every country

in the world, save America and Australia. It is his purpose to wind up his world explorations thoroughly before he returns home. After he has spent three months touring the eastern states and Canada he will do Alaska and the Pacific coast, winding up at the Panama Canal and thence heading for South America.

SENT BACK TO PRISON.

New York, May 11.—F. E. Brandt, former valet to Mortimer Schiff, was ordered sent back to Dannemora prison by the appellate division of the Supreme Court yesterday. The court was unanimous in dismissing the writ of habeas corpus granted by Justice Glard to Brandt, who has served five years of a thirty-five-year sentence for larceny in the first degree.

IMPERIALISTS' OPPORTUNITY.

Andrew Bonar Law, Esq., leader of the party in Great Britain which has discarded the designation Conservative and adopted that of Unionist, must be hard put to it for an argument against the Asquith government, when he charges the members thereof with conspiring through the agency of Hon. James Bryce to make Canada an adjunct of the United States. If Mr. Law is competent to lead a great political party, or a political party which was once great, he ought to know that the Asquith government had about as much to do with the negotiating the reciprocity agreement as the late Adam Smith or John Stuart Mill. Possibly the Unionist leader, although born in Canada, cherishes the delusion that Canada is a Crown Colony, governed from Downing street. The reciprocity agreement was negotiated by Canadian ministers responsible to the people of Canada. In as far as Mr. Bryce had any part in the transaction, that part was confined strictly to his formal duties as British Ambassador at Washington. We have no doubt Mr. Bryce as a man of strict economic common sense knew that the removal of all barriers against the sale of agricultural produce as between the United States and Canada would be a good thing for the people of both countries. But that knowledge would not influence his course in the slightest degree. Nor would advance knowledge of the opinions of President Taft as to the effects of reciprocity have influenced his conduct as Ambassador, because Mr. Bryce is a man of too wide experience to admit that there is any connection between politics and trade.

If Mr. Bonar Law sincerely believes that the future of Canada as an "adjunct" of the British Empire is entirely dependent upon trade currents, let him get in touch with Hon. G. E. Foster, who will presently visit Great Britain in his official capacity. Both the leader of the British opposition and the Canadian Minister of Trade and Commerce are alleged to be tariff reformers. Mr. Foster knows that the trade of Canada with the United States amounts to three times the bulk of Canada's trade with the United Kingdom. Mr. Law cannot do much to remedy this state of affairs, as he is

not the leader of a government; but Mr. Foster can, if he is willing and the protected interests in Canada will let him. Mr. Bonar Law ought therefore to suggest to Mr. Foster that as the trade of Great Britain with Canada is suffering a relative yearly decline notwithstanding a preference of thirty-three and a third per cent. in our markets and the trade of Canada with the United States increasing rapidly—Mr. Law ought to prove to Mr. Foster that, if his reasoning is sound, Canada is rapidly becoming more of an adjunct of the United States and that it is the duty of the government of which he is a member to immediately stop that sort of thing by increasing the British preference to fifty or seventy-five per cent. Mr. Law may take our advice, but we doubt whether Mr. Foster will be guided by it. The trouble is that both the British opposition leader and the Canadian minister are Imperialists merely for political purposes. Mr. Foster's patriotism was in a flame during the late political campaign in Canada. His future course will show that the fire has been banked.

A WARM CAMPAIGN.

Colonel Roosevelt indulged in something more than a mere figure of speech when he declared that his hat was in the ring for the presidential belt. President Taft has proved that he can come back by kicking the hat around in a rather unexpected manner. The general result is one of the most acrimonious preliminary campaigns on record. If the social conditions were those of a number of years back, it may be that the Colonel would be acting a part corresponding to that of Aaron Burr. But thus far no gore has been shed. The two leading Republican candidates have still about a month and a week to go before they enter the ring together in Chicago. Then on November 5 the whole country will have an opportunity of saying whether it will adopt a Republican or a Democratic "white hope."

As between Taft and Roosevelt, the result of the primary elections thus far indicates that the president is the favorite. The New York Herald of Monday last says Mr. Taft has but to secure ninety more delegates to insure him the nomination, while the Colonel to insure nomination must obtain 302 in the 332 contests yet to be held. Champ Clark leads the Democratic field by a large majority. Hence it looks like Taft and Clark, with Roosevelt looming large as an independent.

AN EXPLANATION.

The Times is in receipt of a communication from Thornton Fell, barrister, on behalf of Michael Young, proprietor of the New England hotel, reflecting upon the New England hotel, but upon being pressed by Mayor Beckett for some evidence, or authority for his allegations disclaimed having any personal knowledge of the subject.

The Times's report of the proceedings, which included the remarks of the various speakers, owing to the exigencies of space, necessarily had to be in a condensed form. The purpose of the report was merely to convey to the readers of the paper what took place at the meeting, and, of course, there was not the slightest intention of

Kirk's Soda Water

Made from the celebrated

Esquimalt Water

and not from Elk Lake water.

"IT'S THE WATER"

Memorize It.

reflecting in these columns upon Mr. Young or the New England, which, as far as the Times is aware, is a reputable conducted house. The Times regrets if its neglect to give prominence to Rev. Mr. Gladstone's repudiation of any personal knowledge of his allegations concerning the New England has in any way injured Mr. Young or the establishment with which he has been so long associated.

Although the Westholme hotel has not favored us with a "lawyer's letter" on the subject, the Times regrets if its report of the proceedings has in any way injured that establishment.

The Toronto Star's comment upon bank clerks' salaries has a sting to it: "Money is spent on Grecian temples for the money-changers that might be diverted to the man behind the brass railing." To this the men behind the brass railings will give unanimous assent.

An Eastern paper gives the freight charge on lumber from the Pacific to Eastern points as \$395 to \$425 per car, and compares the rate with the charge via the Panama Canal at \$8 per ton or about \$160 a car. This difference should make it possible for British Columbia coast lumbermen to do a large business with Eastern consumers.

The federal government need hardly have taken the trouble to deny the rumors—probably given currency for the purpose of influencing the Saskatchewan elections—that there is no intention of reducing duties on certain imports. Nearly every one knows that the government has not the power to reduce duties by order in council. If the government had such power, it would undoubtedly possess the corresponding power of increasing the duties. These things pertain exclusively to parliament. The Borden government is more likely to attempt to increase than to decrease the tariff.

ADVISES HUSBAND TO REMARRY.

The good wife was very ill, so bad that she was having a serious talk with her husband.

"James," she said, in a low voice, "in case of anything happening to me, I think a man of your temperament and domestic nature should marry again, both for your sake and for the sake of our children."

James dashed the moisture from his eyes as he replied: "Do you think so, my dear?"

The woman weakly nodded.

"I certainly do," she said. "Of course, after a decent interval."

James' face brightened up.

"There, my dear, that relieves my mind of a great burden," he said gleefully. "The little widow next door has acted very friendly towards me since you have been ill. She's not such a fine woman as you are—not so strong-natured and intelligent—but she is a pretty, plump little thing, and I think I'd better give her a hint."

Next day the good wife was able to sit up. The day after she came downstairs. And on the third day she went out for a walk—and cut the "little widow next door" dead!—London Answers.

BETTER THAN AN ALIBI.

From The St. Louis Star.

Colonel G. M. Quarles, a tobacco planter in Christian county, Kentucky, has a dark manservant named Mose. Mose was delivering his boss into town one day, when he suddenly remarked:

"Marce Garrett, dey had me up befoah my church last night fur dancin'."

"I don't suppose you were guilty—were you, Mose?" asked the colonel.

"Yas, sah; yas, sah," said Mose. "I was guilty of dancin', and dey proved hit on me, too, but I come clear. My friends stuck to me close; and, after dem other niggers had done testified ag'inat me, my friends all got up and testified dat, though it was true I dancid, I was so drunk at de time I didn't know what I was doin'. So I come clear—and de preacher scused me!"

MAN'S OWN HORN.

From the Washington Star.

"I should think some of these speech-makers would get tired of hearing themselves," said the proprietor of the village store.

"Human nature's the same in politics as 'tis anywhere else," replied Joe Struttiers. "A man don't mind listenin' to the worst noise a cornet kin make, provided he's the feller that's doin' the practicin'."

A QUICK GETAWAY.

From the Winnipeg Post.

To prove that Victoria is growing, a writer out there says that when he went back to see a "real white man" whom he had met the day before, many, office, and the entire block had disappeared, and were not to be found. Some growth, that

All Sorts of New Spring Coats Ready For Selling on Monday Morning at \$18.75

MOSTLY samples, and there's lots of exclusive garments and some only two of a kind. Silk and cloth coats are here. If you intend buying a coat this season you will very likely see a coat in this selection like the one you have pictured in your mind, and intended to pay from \$25 to \$35 for it.

The earlier you shop on Monday morning, the better selection you will have. There's so many different styles to choose from that a description is impossible in an advertisement.

SEE THE DISPLAY IN THE VIEW STREET WINDOWS.

Serviceable Shirt Waists That We Sell at \$1

But They're Worth Much More

We don't want you to accept just what we say, simply because we have made a statement, that we consider reasonable, about our goods. There are few women who haven't purchased hundreds of shirt waists and a still smaller number who can't tell a bargain at first glance, consequently we prefer that you see the goods and form your own opinion.

That's the most convincing test, the test of passing the criticism of practical women and that's the test that these two lines will best stand.

LINENETTE SHIRT WAISTS.—These are plain tailored, have long sleeves, link, soft cuffs; soft detachable collar, patch pocket and fasten with pearl buttons through a box pleat. All sizes are here and the price is only.....\$1.00

VESTING SHIRT WAISTS, made in the same style as the above, but finished with a detachable laundered collar. Price, only.....\$1.00

BRIEF NEWS OF THE CITY

Court of Appeal.—The court of appeal will sit in Victoria for the summer session next month. The first sitting will be held on June 4.

"Nag" Roof Compositions.—Will stop leaks and add years to the life of an old roof. See Newton & Greer Co., 1316 Wharf street.

New Quarters.—The new quarters for the Camosun Club in the Central building are almost complete. The club members expect to be housed in the top floor of the building by the first day of June.

Have you tried our Special Black Cashmere Sox? 3 pairs for 50c. A good wearing cotton and wool mixture. Try them. J. N. Harvey, Ltd., 614 Yates Street.

Ward System Abolition.—The Trades and Labor Council has drawn the attention of the city council to the desirability of putting into force the referendum passed in January favoring the abolition of the ward system. A by-law would be necessary to amend the present regulation governing municipal elections, and a notice on this subject is to be introduced, it is understood, on Monday.

Lawn mowers, new, cheap and good. James Waite, 644 Fort street. Phone 446.

Millworkers' Organization.—The organization of the woodworking machinists, benchmen and cabinet makers of the city was further advanced at a meeting held last evening under the auspices of the Amalgamated Society of Carpenters at the Labor hall, at which the adhesion of a large number of new members was received. There are also a number of applications in for admission. The meeting adjourned till May 21.

S. P. C. A.—Cases of cruelty. 'phone. 'phones: Inspector Russell, 1921; secretary, L1733.

Successful Concert.—A most successful concert was held last evening in St. Mark's parish hall under the auspices of the Ladies' Aid of the church, the rector, Rev. Mr. Littler, presiding. There was an excellent attendance and a most enjoyable programme of songs, instrumental music, and recitations had been prepared by the ladies, at the conclusion of the programme refreshments being served and the gathering breaking up for an informal social and dance. The proceeds of the concert will be devoted to augmenting the fund of the Ladies' Aid of the church.

Good cars, good service, good drivers at the new auto stand, cor. Fort and Douglas streets. Phone 2310.

Annual Meeting.—The annual meeting of the Local Council of Women of the city of Victoria will be held in the ballroom of the Alexandra Club (the use of which has been so generously given by the club committee), on Monday evening, May 13, at 8 p. m. The view of giving members of the local council and all affiliated societies and their friends an opportunity of becoming better acquainted with each other and with the objects of the council, it has been arranged that a supper will be served on Tuesday evening at 7.30 o'clock, and speeches delivered during the evening by a number of prominent persons, these having reference to the objects and the work carried on by the council. All members of affiliated societies and their friends are entitled to attend this final meeting, the tickets for which are one dollar each and can be obtained from the Women's Exchange or at the Victoria Women's Club.

Reopened Studio.—Prof. Claudio has returned and has reopened his studio at 1804 Cook street (corner North Park), and will hold the usual orchestra practise on Sunday evenings from 7 to 9 p. m. All amateurs are invited to attend.

Swimming Beginners.—Special facilities are being offered to beginners in the art of natation at the local Y. M. C. A. building. They have the uninterrupted use of the pool for two half-hours each week, namely on Mondays and Thursdays.

Meet me at the Bismarck.

More Books.—A new consignment of fiction has arrived at the Oak Bay municipal council to Mrs. Sarah Gillespie for a six-roomed house on Monterey avenue S., to be erected at a cost of \$3,250. The architects are Messrs. Hammer and Wagner and Mr. M. Gillespie is the builder.

Juvenile Court.—The juvenile court sat yesterday afternoon, Magistrate Jay presiding, two cases coming up for trial during the sitting.

Building Permit.—A building permit has been granted by the Oak Bay municipal council to Mrs. Sarah Gillespie for a six-roomed house on Monterey avenue S., to be erected at a cost of \$3,250. The architects are Messrs. Hammer and Wagner and Mr. M. Gillespie is the builder.

Loyal Order of Moose.—All members written up for initiation, communicate with secretary, so as they may be notified as to their initiation. Time expires May 18, 1913. C. Boyle, secretary.

Aviator at Celebration.—Among the arrivals by the Princess Alice this morning was E. W. Stark, of Vancouver, representing his brother, H. M. Stark, the Canadian aviator, who is billed for exhibition flights at Oak Bay park during the coming celebration two weeks hence.

Money to Loan.—We have money to loan at 8% interest on improved city residence property on easy repayment terms. Builders will do well to inquire. The B. C. Permanent Loan Co., 1210 Government St.

Thirteen Club Outing.—The members of the Thirteen Club and their lady friends will have an outing to Cordova Bay on Monday. They will meet the tally-ho at the corner of Yates and Douglas streets at 7 p. m. A full attendance of members is expected.

Four Per Cent.—You can deposit your money at 4 per cent. interest with The B. C. Permanent Loan Company and be able to withdraw the total amount or any portion thereof without notice. Cheques are supplied to each depositor. Paid-up capital over \$1,000,000, assets over \$3,000,000, assets over \$3,000,000. Branch office, 1210 Government St., Victoria, B. C.

Development League.—About seventy per cent. of the inquiries received at the office of the local branch of the Vancouver Island Development League deal particularly with the subjects of fruit-growing and poultry farming. It is the object of the League to encourage this kind of immigration to the greatest possible extent, because from it the most satisfactory results accrue. It means cheaper food and a desirable class of workers in the island who will be largely interested in its development. A letter was received from the Western Pacific Development Company, Ltd., who state that they are asked often by parties in England to send statistics of the yield per acre in a fair average district in Vancouver Island from potatoes, onions, carrots, turnips, berries, etc., and the average profit of working the same. Enquiries were also received this morning from Edmonton, Alta., and from various places in Saskatchewan, with regard to fruit-growing, poultry, and mixed farming. From a lady engaged in the Royal Victoria Hospital of Montreal comes a letter asking what chances there are for a person possessing a considerable amount of capital who is desirous of settling out west on a few acres of her own. She also states that she has had some experience in poultry raising, and would like to make a specialty of it in this district.

Plaintiff Wins.—Judgment by default was given in the county court today for the plaintiff in B. C. Market against Stedham. The plaintiff sued for \$54. The case of Bartlett against White has been set over till a day to be fixed.

Ladies' Tailor.—Wm. Stewart, men's and ladies' tailor, room 5, Haynes Bldg., Fort street.

Trial by Jury.—The Industrial Worker of the World, Samuel Higginson, who was sentenced to one month imprisonment for causing an obstruction on Herald street during the Canadian Mineral Rubber employees' strike, has elected to take a trial by jury. The trial will be held before Judge Lammiman on May 15.

The very large response received yesterday to our Four Big Specials in Men's Suits showed us very clearly that the men of Victoria appreciate the wonderful values they are receiving. Don't you think you had better investigate? Merchants' Sales Co., corner Government and Pandora Sts.

Boarded Field Dog.—Claiming \$50 for training and boarding a field dog, Frank Turner obtained judgment in the county court yesterday against the owner of the dog, William McCulloch. The defendant had agreed to pay for training, and for board at the rate of \$5 per month.

Judgment for Plaintiff.—After a hearing lasting three days, Judge Lammiman yesterday gave judgment for the plaintiff for \$84 in the case of the B. C. Hardware Company, against Hagar. The claim was for money due on a promissory note given in payment for dairymen implements supplied.

Reliable Auto and Taxi Stand, cor. Fort and Douglas. Phone 2319.

Cameron Lumber Company.—The Cameron Lumber Company will add a three-story building for the employees at an early date on their property near Selkirk road, to accommodate about seventy-five or eighty persons. The permit will be applied for at an early date, and the architect is now working on the plans.

Hanna & Thomson, Pandora Ave.—Leading Funeral furnishing house. Connections, Vancouver, New Westminster and Winnipeg.

Meeting to-morrow.—In the Liberal committee rooms, corner Broad and Cormorant streets (opposite fire hall), Mr. Robert Brown, of Merritt, B. C., will address Christians at 3 p. m. to-morrow (Sunday.) A Gospel meeting will also be held at 7 p. m. All are cordially invited to both these meetings.

A Wild Roomer.—Wild because he was pestered with flies. Keep your roomers by fitting the rooms with adjustable window screens. 11 sizes, from 15 to 58 1/2 inches wide. 25c to 75c, at R. A. Brown & Co's, 1302 Douglas St.

Trial at Vancouver.—The Supreme court action of Merritt against Cordoba, which has been in hearing here for some time at intervals, will be transferred to Vancouver for the final evidence to be taken. Evidence on commission, ordered to be taken in the United States, has been received, and the trial will proceed during the month.

Stokers Deserted.—To bring back four deserting stokers from the H.M.S. Albatross, an escort from the H.M.S. Rainbow left yesterday for Courtenay. The men are named Ambler, Naylor, Taylor and McCarthy, and departed when the Albatross was at Courtenay a week ago. Information was given the provincial police and the deserters were found working in the mines by the provincial constable stationed at Courtenay. The men will be brought to Esquimalt and held there until the arrival of the H.M.S. Shearwater about the end of this month. The Shearwater will convey them to the Albatross.

Lawn mowers sharpened. Auto delivery. Jas. Waite, 644 Fort street. Phone 446.

BOOKE LAKE CLAIMS.

Amounts Passed by City Council for Owners—Purchase at Humpback.

The Booke Lake expropriations have been practically completed by the action of the city council last evening in passing through the arrangements made as a result of the compromise arrived at earlier in the week, by which 22 claims were settled on the 77 1/2 basis, and four on the eighty per cent basis. The claims of Messrs. Dier, Borde and Calwell were adjusted, leaving over the Healy claim. Other properties adjacent to the lake will be settled on the same basis.

The council decided also to accept the offer of the administrator of the James McGuire estate to take section 68, Goldstream district, for \$25 an acre. This land is near the Humpback reservoir, and is required for catchment purposes. The details of the claims awarded are as follows: Mrs. Joan Ross, \$4,960; Mrs. Mary H. Rathorn, \$4,000; Mrs. Emma Williams, \$480; Mrs. W. Taylor, \$1,790; A. E. Todd, \$12,800; J. D. Hallam, \$2,092; H. J. Sehl, \$2,015; C. E. Wilson, \$4,340; A. H. Piggott, \$5,037; Louisa Burmeister, \$3,642; George Mellor, \$2,247; Edwin Dickinson, \$2,170; Horace C. Hardy, \$1,432; Donald Gregg, \$2,247; D. W. Hanbury, \$1,550; T. A. Small, \$2,655; G. J. Barnett, \$4,240; C. G. Buchanan, \$1,550; W. A. V. Robertson, \$1,937; S. Hatherly, \$2,015; Rose Leckie Palmer, \$1,666; E. H. Ward, \$288; George Mellor and A. Tripp, \$4,262; C. J. Savage, \$1,705; T. Shotbolt, \$4,682; Andrew Gray, \$3,478; P. W. Deemster, \$4,562; C. N. Cameron, \$1,937; Chadwick and MacLoney, \$5,735; T. F. Geller, \$4,185; A. C. Monat, \$3,922; H. Marboeuf, \$1,937; G. C. Howell, \$2,480; A. Borde, \$7,590; J. Calwell, \$4,000; W. A. Dier, \$17,000; G. E. Munn, \$3,487; and W. Dalby, \$2,400; a total of \$147,130.

FOR TITANIC FUND.

Substantial Sum Realized From Mrs. Simpson's Dance.

The following financial statement in connection with the dance given by Mrs. Simpson in aid of the sufferers from the Titanic disaster has been forwarded to the Times for publication:

| | |
|----------------------------|----------|
| Tickets sold | \$240.00 |
| Cash donation | 7.00 |
| Do. | 3.00 |
| | \$250.00 |
| Expenses— | |
| Expressage | 7.00 |
| Help | 6.00 |
| Times advertisement | 2.00 |
| Printing | 5.50 |
| Extra provision for supper | 14.50 |
| | \$25.00 |
| Total balance | \$225. |

Mrs. Simpson desires to thank the musicians who so kindly gave their services; the Japanese who gave their garden and services; Mr. Christie, George Park, for soft drinks and services; the B. C. Electric Railway, late Colonel and West for advertisements and press notices, and the many kind ladies and merchants who contributed refreshments, and all who helped her in other ways to make the ball a success.

Mothers' Day.—Mothers' Day will be celebrated in the Centennial church Sunday morning, with special services. The pastor will give a sermon on "Our Mothers." The music will be appropriate and especially prepared.

Notice of Meeting.—The Victoria branch of the Imperial British Israel Association meet on Monday next at 8 p. m., in the A. O. U. W. hall upstairs, Yates street. The session will close on the 27th inst. The subject, "Will Britain 'Climb Down' What Then?" a parallel to Paul's inquiry, "Hath God Cast Away His People?" These meetings will be devoted to a review of the season's studies, in Yates St.

S. A. Brigadier Coming.—Brigadier Cunningham, of London, Eng., a Salvation Army journalist and editor of two Salvation Army periodicals, will be in Victoria on Tuesday next, and will speak on "The Ministry of Salvation Army Work and Song."

IF YOU GET IT AT PLIMLEY'S IT'S ALL RIGHT

The Lady Cyclist

must be certain that the machine she uses is perfect in detail. Nothing much spoils the pleasure of cycling as the constant dread that something may "go wrong." The lady who owns an "Imperial Humber" or a "Singer Royal" is safe. Perfect mechanism and beautiful design are combined in an unusual degree. Call and see these models, or send for illustrated list, \$65 and \$45.

"Count the Indians on the Road"

The Indian Motorcycle

Ride a motorcycle. It's the most fascinating of modern vehicles. It makes you independent and self-reliant—gives you the means to go anywhere, any time, at a moment's notice. For regular trips or just running about as the mood suggests, the motorcycle is the vehicle you need.

4 h.p. Single Cylinder, \$312 7 h.p. Twin Cylinder, \$365

The peculiar readiness and reliability of the Indian make it a wise and profitable investment. Maintained at small expense. Official record shows that the Indian has run nearly 32 miles on 1 pint of gasoline. Any speed from 4 to 50 miles an hour.

Free Engine Clutch enables you to slow down and get off without stopping the engine and to start again without pedalling or running alongside. You simply move a lever. This device and also magnets supplied free of extra charge on all 1912 model Indians.

Learn more about this wonderfully useful machine. Write today for new 1912 catalogue.

MRS. RICARDO WON THE LADIES' CHAMPIONSHIP

Defeated Miss Pooley After Splendid Contest—
Messrs. Hincks and Arbuckle in Men's
Finals This Morning

A large crowd followed the contestants in the final tie for the Ladies' Pacific Northwest Championship yesterday morning, in which Miss V. Pooley was defeated by Mrs. Ricardo by 5 up and 4 to play in as good and as sporting contest as one could wish to see. The form of both players was extraordinary good and was greatly appreciated by an enthusiastic following.

Miss Pooley took the first hole in 5 strokes, but had to relinquish the second to her opponent who made a beautiful approach on to the green and took the hole in four. If anything, Miss Pooley was longer in her drives at this period of the game and at the third hole stood one up. The fourth hole, which is the longest on the course, being 500 yards in length, was won by Mrs. Ricardo in 4, and from that point in the game she never looked back and continued to increase her lead until the end. Miss Pooley got badly bunkered from her drive

tion and Miss Pooley was somewhat unfortunate in finding the winner on the very top of her form. The latter played some of the best golf that has been seen on the course this week, and was exceptionally brilliant in her approach, and the fact that she did the fourteen holes in 63 strokes is eloquent testimony of her consistency. Altogether it was an exhibition such as is not often seen in the final round of a championship game, and a word of praise is due to Miss V. Pooley for the excellent fight that she put up and maintained to the end.

The following detailed scores of the two finalists gives a very adequate idea of the nature of the play and the closeness of the struggle all the way through:

Mrs. Ricardo: 64 56 44 42 24 55
64. Total, 63 for the fourteen holes.
Miss V. Pooley: 56 47 45 54 45 46
65 4. Total, 70 for the fourteen holes.
Men's Semi-Finals.
The semi-finals for the Men's Pacific

yesterday morning, which is easily the best that has been done during the week. He leads in the championship with a score of 149 for the 36 holes, while W. Moffatt, the Victoria pro, follows with 154. Among the amateurs E. J. B. How is leading with a total of 163, and the next best is C. P. Coote, of Victoria, with a score of 167. The winners in the men's flights finals were R. Macleay, of Portland; P. R. Brooks, of Vancouver; T. S. Bowker, of Victoria, and S. Martin, of Victoria. In the ladies' flights Mrs. Curran and Mrs. Dempsey were successful.

The mixed foursomes attracted a large entry, and the leaders yesterday was R. C. Jenkin and Mrs. Lamb. Although heavily handicapped, Harvey Combe and Miss Combe reached fourth place with a net total of 84, making the best gross score of 87. To-day, besides the second eighteen holes of the open championship, the following competitions will be carried on:

9 a.m.—Men's Pacific Northwest Championship, Final.

G. C. Turnbull, Portland, 81 plus 76, equals 157.
A. Duthie, Vancouver, 80 plus 78, equals 158.
C. G. Horton, Everett, Wash., 78, (Amateurs).
E. T. B. How, Victoria, 79 plus 84, equals 163.
C. P. Coote, Victoria, 82 plus 85, equals 167.
H. Combe, Victoria, 88 plus 81, equals 169.
R. C. Hedden, Saanich, 84 plus 96, equals 180.
P. H. Jephson, Vancouver, 83 plus 88, equals 171.
L. R. Hargreaves, Victoria, 87 plus 84, equals 171.
E. H. Hughes, Spokane, 87 plus 85, equals 172.
T. S. Lippy, Seattle, 90 plus 88, equals 178.
O. H. Van Millinger, Tacoma, 83 plus 90, equals 183.
A. S. Kerry, Seattle, 90 plus 96, equals 186.

J. F. ARBUCKLE, VICTORIA

A contestant in the men's trials for the Pacific northwest golf championship to-day.

9.15 a.m.—Men's Northwest Flights, Finals.
12.45 p.m.—Men's Pacific Northwest Championship final (2nd 18 holes).
3.30 p.m.—Ladies' Driving.
4.30 p.m.—Men's Driving.
5 p.m.—Championship Putting.
The results of yesterday's play are appended:

Men's Championship—Semi-Finals, 36 Holes.
J. F. Arbuckle beat B. Wilson by 7 up and 6 to play.
R. N. Hincks beat W. H. Ricardo by 1 up.

Ladies' Championship—Final.
Mrs. Ricardo beat Miss Pooley by 5 up and 4 to play.

Men's First Flight.
R. Macleay, Portland, beat R. Smith, Portland, by 1.

Second Flight.
P. R. Brooks, Vancouver, beat J. A. Lindsay, Victoria, by 2 up and 1 to play.

Third Flight.
T. S. Bowker, Victoria, beat P. Criddle, Seattle, by 4 up and 2 to play.

Fourth Flight.
S. Martin, Victoria, beat P. K. Struve, Seattle, by 4 up and 3 to play.

CHAMPIONSHIP OF SWIMMING GALA

EXHIBITION BY FORMER AUSTRALIAN CHAMPION

Programme of Events in Big Event at Y. M. C. A. Next Saturday

One of the most interesting swimming galas ever held in Victoria is to take place in the Y. M. C. A. tank next Saturday evening, starting at 8 o'clock. It is an association meet entirely, and contestants will enter from Vancouver, Y. M. C. A. and the Junior club of this city's association. The local executive met last evening and drew up the programme, list of officials, etc., which follow:

1. Boys' 40-yard handicap (2 prizes).
2. Senior 50-yard scratch race (2 prizes).
3. Scientific exhibition by L. F. Leo (former champion swimmer of Australia and short distance champion of South Africa).
4. Novelty race (cork-bobbing).
5. Relay race (4 men) between teams from Vancouver and Victoria associations (medals).
6. Presentation of certificates and medals to members of the junior swimmers by the Royal Life-Saving Society.
7. Boys under 12 (2 prizes), 1 length.
8. Exhibition diving.
9. Water-polo game between Vancouver and Victoria associations.

There will be a charge of 25 cents made for adults and 10 cents for children, and all those attending the event are advised to be on time if they want a seat, as an overflow crowd is expected.

At the close of the gala prizes will be presented, amongst which will be the winners in the Sheffield cup contest.

The following are the officials: Judges, G. Y. Simpson and W. Long;

starter, P. R. Pomfret; timekeepers, H. G. Beall and C. Hopper; polo referee, L. F. Leo; chief steward, S. Young; stewards, R. E. Crompton, A. Williams, T. Stanyon and G. Andrews; competitors' steward, W. Holyoake.
It is hoped that the public will give swimming their support by coming out to see the boys in their contest on the 8th.

PITCHER BUTLER RELEASED.

Tacoma, Wash., May 11.—Ike Butler, one of Tacoma's pitchers, has been given his unconditional release by the Tigers. Butler asked for his release and with some reluctance Manager Lynch granted the request. Butler gives no reason for his action.

MRS. RICARDO

Winner of ladies' Pacific northwest championship at the tournament here this week.

from the ninth tee at the shortest hole of the course, and lost the hole. The tenth she halved in 4, but the next two went to Mrs. Ricardo, who was playing wonderful golf, doing the first nine holes out in the excellent score of 39. At the thirteenth, which is a very long hole, Mrs. Ricardo made a bad mistake with her approach, and Miss Pooley won the hole with a very fine long putt, which made Mrs. Ricardo downy five. The match came to the end on the fourteenth green, where Miss Pooley made a splendid but unsuccessful attempt to hole out a long putt of sixteen feet.

Both players gave a sterling exhibition.

Northwest Championship took place yesterday morning and afternoon, over 36 holes. The contestants were R. N. Hincks vs. W. H. Ricardo, and J. F. Arbuckle vs. B. Wilson. In the former match Mr. Hincks, the local captain was one up at the end of the first round. In the second it was a tight struggle the whole way through, first one player and then the other gaining the lead. At the fifteenth Mr. Ricardo was one up, but his opponent won the next and made matters "all square." At the seventeenth Mr. Ricardo out-

approaching the last green in the semi-final of the men's golf championship in which he was defeated by R. N. Hincks yesterday.

W. H. RICARDO

Approaching the last green in the semi-final of the men's golf championship in which he was defeated by R. N. Hincks yesterday.

drove Mr. Hincks, but the latter nullified this advantage by a splendid approach on to the green. The hole was halved. At the eighteenth both players drove in a good line and Mr. Ricardo's second shot with his cleek laid his ball on the bank in front of the last hole. His approach, however, was faulty, and Mr. Hincks with a splendid long putt won the match and the right to enter the final round of the competition by one up.

The other semi-final resulted in a somewhat easy victory for J. F. Arbuckle. At the end of the first round the men were all square after a splendid recovery by Mr. Wilson, who was 4 down at the fifth hole. In the second round, however, Mr. Arbuckle quite outplayed his opponent and won at the twelfth hole by 7 up and 6 to play. The final round, therefore, which is to be played off to-day will be between R. N. Hincks and J. F. Arbuckle.

The Open Championship.

The open championship commenced at 8.30 yesterday morning and is open for professionals and amateurs alike. The competition is medal play and some very good scores have already been returned. J. M. Barnes, the Tacoma professional, did a round in 71

Ladies' First Flight.
Mrs. Curran, Tacoma, beat Mrs. Langley, Victoria, by 1 up.
Second Flight.
Mrs. Dempsey, Tacoma, beat Miss Duff, Victoria, by 1 up.

Mixed Foursomes, Handicap.
R. C. Jenkin and Mrs. Lamb 97 16 81
A. S. Kerry and Mrs. Huis-kamp 93 11 82
J. L. Munn and Mrs. Kenna 94 11 83
H. and Miss Combe 87 8 84
J. S. Matterson and Mrs. Combe 82 8 85
P. Criddle and Mrs. Ashton 103 19 85
W. and Mrs. Ricardo 91 4 87
C. R. Wheeler and Mrs. Curran 96 11 87
H. C. Garratt and Miss Mara 100 11 90
The above were the best nine scores. Open Championship, First 36 Holes.

(Professionals)
J. M. Barnes, Tacoma, 71 plus 76, equals 147.
W. Moffatt, Victoria, 76 plus 78, equals 154.
R. Johnston, Seattle, 77 plus 80, equals 157.

"Those who inherit Empires have others shave them—
Those who create Empires shave themselves."

It's over a century since Napoleon Bonaparte evolved this bit of philosophy. While the first part no longer holds (Kings and Emperors now use the Gillette) the second part is truer than ever since the coming of the

GILLETTE Safety Razor

The busy men who are doing the world's big work to-day—who are creating Empires of commerce and finance—have little time to waste with the barber. They shave themselves with the GILLETTE, not because it saves them money, but because it saves them time and trouble.

Besides, there's a keen satisfaction, to

the self-reliant man, in giving himself a clean, cool, comfortable GILLETTE shave in three minutes. Try it yourself.

Your Hardware Dealer, Druggist or Jeweler can show you a Gillette Set to suit your needs and fancy. Standard Sets \$5.00—Pocket Editions \$5.00 to \$6.00—Combination Sets \$6.50 up.

MAY FORM WHIPPET CLUB.

It has been proposed that a whippet club be formed in Victoria. George White, formerly of Toronto, who has brought to this city a kennel of five or six of these speedy little animals, is behind the plan. Mr. White has been breeding whippets for years and has among his dogs Queenie, the fastest in Canada, holding a record for 200 yards in 11 1/4.

DULIN WITH OMAHA.

Mickey Dulin, formerly of Seattle, who made one appearance with Vancouver in the Portland series, but who was let out last week by President Bob Brown, has caught a place with the Omaha team in the Western League, and will cavort around the left garden for the Ak-sar-be tribe.

FIRST EVENT DECIDED IN THE OLYMPIC GAMES

Stockholm, Sweden, May 11.—The first event in this year's Olympic games was decided to-day, when Andre N. Gobert and Max Gernot, repre-

senting France, won the final of the men's doubles in the lawn tennis matches, beating Hettnerann and Kempe, the Swedish players, by 6-4, 12-14, 6-2, 6-4.

ALL DEPARTURES IN SHIPPING NEXT WEEK

Four Big Liners Clear on
Wednesday for Different
Parts—Rather Quiet

Wednesday will be the big day in connection with the shipping of this port next week. On that day four big steamships will clear from Victoria for different parts of the globe and will take away not only huge cargoes, but also big passenger lists. The coming week will be rather slack, as there are no deep-sea liners due to arrive, all the vessels which will call here being outward bound.

The Osaka Shosen Kaisha liner Tacoma Maru, Capt. Yamamoto, was scheduled to arrive from the Orient on Thursday, but owing to the fact that she was detained ten days at Nagasaki by quarantine officials she will not put in an appearance until near the end of the present month. It is understood that she will come across the Pacific accompanied by the Panama Maru, Capt. Muto, of the same fleet, and it will be the first opportunity that two Osaka steamships have had of testing their speed.

Departures on the slate for Wednesday include the Canadian-Australian liner Marama, Capt. Morrisby, bound for Sydney, Australia; the Osaka Shosen Kaisha steamship Canada Maru, Capt. Mori, for Yokohama and Hongkong; the Taithebyus, Capt. Allen, of the Blue Funnel fleet, and the Lonsdale, Capt. Bates, of the Canadian-Mexican Steamship Company, en route from Vancouver for Salina Cruz. The Australian liner Marama will take out the largest list of passengers, every stateroom in both her saloon, second and third class being reserved. The Canada Maru will have a few in her first cabin but the steerage will be nearly empty.

The Taithebyus is leaving on her maiden voyage from Puget Sound for Liverpool and is taking out the largest cargo ever shipped on a Holt liner. Every inch of cargo space will be taken aboard the big steamship. There will be shipments of salmon for Japan, China and the United Kingdom, twelve automobiles for Manila, lumber for the Orient and Europe, box shooks for India, via Singapore; copper for Genoa, scrap tin from the Alaska canneries for Antwerp, flour for Hongkong and Manila, automobile trucks for Manila, electrical machinery for Japan, agricultural implements for Russia and cotton for Shanghai and ports in Japan. The vessel will have eight first class and 100 steerage passengers will take passage at Victoria, and one, H. E. Martin, of Bremerton, who is going to London, will go aboard the steamship at Seattle.

The Blue Funnel liner Bellerophon, Capt. Jebb, which arrived here last night from Liverpool, will return to Victoria from Tacoma about Tuesday of next week to discharge 1,700 tons of general freight. She will be here about two days and proceed to Vancouver to unload 7,000 tons of cargo.

RAILWAY FATALITIES.

A British board of trade return shows that during the twelve months ended December 31 last altogether 1,070 persons were killed and 8,345 injured during the course of public traffic on the railways of the United Kingdom, an increase of 8 killed and 3 injured as compared with the figures of 1910. The largest number killed—462—was of trespassers (including suicides), there being an increase of 29 as compared with the number killed in the previous year. Of the passengers 14 were killed and 402 injured from accidents to trains, rolling stock, permanent way, etc., and 92 killed and 2,557 injured by accidents from other causes. There was a decrease of 9 killed and 443 injured in accidents to trains, etc.

As to servants of companies or contractors, 5 were killed and 115 injured from accidents to trains, rolling stock, permanent way, and 385 killed and 5,196 injured by accidents from other causes, the last figures showing an increase of 11 killed and 591 injured over those in 1910.

Shiloh's Cure
SURELY STOPS COUGHS, CURES COLDS,
CURES THE THROAT AND LUNGS, SO ON

BELLEROPHON HAS ARRIVED IN PORT

The Big Steamship Reached
Outer Docks Last
Evening

Lashed securely to the decks of the big steamship Bellerophon, Capt. Jebb, which arrived in port from Liverpool via the Orient last night, were five motor launches, and stowed in the holds of the vessel were 20 to 40 feet. All of the craft were built in Hongkong and are consigned to Vancouver. Many British Columbians have their launches constructed at the Chinese port owing to the cheapness of labor there. On former occasions the Blue Funnel and Holt liners have brought across several motor boats but the shipment on the Bellerophon stands as the record.

The Bellerophon carried across the Pacific one of the largest cargoes that has come here for many months. She was filled to her capacity, the greater portion of the cargo consisting of old country freight. Included in the cargo was a shipment of several hundred tons of frames, angles and plates for the B. C. Marine Railway, which will be discharged at the Outer Docks upon the return of the steamship from Tacoma early next week. This material is to be used in the construction of the new C. P. R. steamer for the west coast trade. It will be taken around to Esquimalt on a scow, and very shortly the keel of the new Princess will be laid.

Besides the material for the B. C. Marine Railway, the Bellerophon also has 350 tons of machinery aboard to discharge at Victoria for the new cement works to be erected at Bamerton, Saanich Inlet, by an English firm. The other cargo consisted of general merchandise, of which 7,000 tons is for Vancouver merchants. Her silk cargo amounted to little less than half a million dollars, and will be landed at Tacoma for shipment across the continent to New York.

Officers of the Bellerophon report having experienced splendid weather throughout the trip across the Pacific. She had on board a large number of Chinese returning from the New Year celebrations in China, and when a couple of days out from Yokohama a mix-up occurred in the steerage quarters. The participants were separated, however, before they were able to harm one another.

On the trip across the Pacific a sweepstake was arranged aboard the ship. The idea of the sweep was to see which of the men could guess nearest the time of the arrival of the ship at Victoria. Fourth Engineer Jenkins was the winner.

AMERICAN SKIPPERS MUST OBEY SIGNALS

Are Constantly Breaking Rule
of Road—Accidents Will
Result if Not Stopped

Protests are being made by the masters of British steamers operating out of this port against the signals used by American skippers when they are in these waters. They constantly violate the international rule of the road, and unless something is done immediately some accident will result through the misunderstanding of signals. Two local captains have already reported narrow escapes with American ships, and they anticipate serious results if the United States skippers are not brought to time.

It appears that the mariners at Seattle have formed a new list of signals, which is common in every port, but they seem to believe that they have a right to use these warnings in Canadian waters. The rule of the road gives the right for skippers to form signals for use in their own harbors, but once they are outside of the limits of those waters they must comply with the rule of the road. The American ships coming to Victoria use the same signals when passing vessels in Canadian waters, and as they are distinct from the international rules it is almost impossible to prevent some kind of an accident.

The Merchant Service Guild of British Columbia has taken the matter up with Ottawa, and it is expected that some decision will be reached in a short time.

ICE IN YUKON BREAKING.

River Steamers Getting Ready to
Leave Winter Quarters in
Few Days.

Dawson, Y. T., May 11.—Ice in the Yukon river is breaking up between Eagle and Lake Labarge, except opposite Dawson, Forty-mile and one or two other places, where it is expected to break at any time.

The steamers Delta, Tanana and Evelyn, for the Lower Yukon, and the Vidette for Dawson, will leave their winter quarters within a few days with passengers and freight. Some of the boats will escort the barges with freight. The steamer Canadian is at Hootalline and will drop down to Yukon Crossing to meet the Canadian-Alaska boundary survey party and take them to Dawson.

THE PATRICIA ON HER MAIDEN TRIP

NANAIMO GIVES HER
A JOYOUS WELCOME

Mayor Presents Her With
Shield—She Makes Twenty-
Two Knots on Run

There were a number of Victoria visitors on the initial trip of the Princess Patricia, the new C. P. R. steamer, which left here for Nanaimo this morning to make the first run across the Gulf of Georgia, inaugurating the double daily service between the Black Diamond city and Vancouver.

Recognizing the importance of the innovation, the Nanaimo Board of Trade had organized an excursion, which was widely patronized, and which formed a large section of the passengers on board.

The silver shield, presented by citizens of Nanaimo to the new steamer, was handed over with due formality to the officers. The old bastion of the Hudson's Bay Company, on the waterfront, forms the subject of the replica on the shield, which contains a suitable inscription. The presentation was made by Mayor Shaw in a few appropriate remarks, who voiced the opinion of the large number present that the inauguration of the service by the Patricia would open a new era of prosperity for Nanaimo, and contribute materially towards the opening up of the island.

Capt. J. W. Troup received the shield on behalf of the company, thanking the citizens of Nanaimo for this eloquent evidence of their appreciation of the company's policy of more closely linking the island and the mainland.

The Patricia in making the run north showed what she can do in the way of speed by covering the distance between Brothie Ledge and Entrance Island light in 3 hours and 34 minutes, at times making as much as 22 knots an hour.

WITHDRAW UMATILLA FROM 'FRISCO RUN

To Be Sent North to Nome—
Queen Will Replace Her—
Rough Weather Met

Announcement has been made by the officials of the Pacific Coast Steamship Company that the steamship Umatilla will be withdrawn from the San Francisco-Victoria service for about two months. It is the intention of the company to send her North from the Bay City to Nome. She will make several trips in this service and then return to this route. While she is absent the steamship Queen will maintain her schedule with the City of Puebla.

The Umatilla arrived in port last evening from San Francisco, almost twenty-four hours late. Strong northerly gales were encountered during the run up the coast and it was necessary for the master of the vessel to slow her down at times. Almost immediately after passing out through the Golden Gate she was assailed by heavy weather, and it kept company with her until she passed in at Cape Flattery yesterday afternoon.

While in port here the Umatilla discharged 570 tons of freight, the largest cargo to be brought north from 'Frisco. It included cement, vegetables, fruits and general merchandise. There was a good passenger list aboard, many of whom departed here.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 9 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. The height is in feet and tenths of a foot above the level of the lowest low water in each month of the year. This level is half a foot lower than the datum to which the soundings on the Admiralty charts in Victoria harbor are reduced.

IS UNABLE TO LAND CARGO AT MAZATLAN

Beckenham Has to Proceed to
Guaymas—Revolution
Causes Trouble

Owing to the revolutionary troubles in Mexico the Canadian-Mexican liner Beckenham, Capt. Tow, was unable to land any cargo at Mazatlan and has proceeded on to Guaymas, according to advices received here yesterday. This is the first time that the troubles in Mexico have had any effect upon the Victoria steamships, and indicates that the troubles down south are of a serious nature.

When the Beckenham sailed from Victoria on April 26 for Salina Cruz she took south 4,500 tons of coal, 500 tons of wheat and 200 tons of general cargo. Of this there were heavy shipments for Mazatlan, but this will now be landed at Guaymas. The Beckenham steamed into Mazatlan on Tuesday of this week, but found conditions so upset that work was impossible. There was no one to work the cargo and all the shore officials were too busy watching their own personal interests to pay any attention to the appeals of the master of the liner.

The cargo consigned to Mazatlan will, as a result, have to be discharged at Guaymas, providing the revolution has not spread into that town and the people are in the same frame of mind as those in Mazatlan. The officers of the Beckenham should have some interesting stories to tell upon the return of the vessel from Salina Cruz. The steamship Lonsdale, Capt. Bates, of the same line, is now completing her cargo at Union Bay, and will sail for Salina Cruz and way ports on Wednesday of next week. She will take south, besides a large consignment of coal, a shipment of wheat and general merchandise. Whether the revolution will affect trade between Mexico and Canada cannot be said, but so far it has not, to any extent, caused a slackening off of business between Victoria and Vancouver and Mexico.

HEAD LIGHTS

Advices received here yesterday announced the arrival of the Blue Funnel liner Cyclops at Singapore on May 6 en route to Victoria from Liverpool.

With a good crowd of passengers the Grand Trunk Pacific steamer Prince George, Capt. Saunders, will arrive in port to-morrow morning from Prince Rupert. She will sail again on Monday morning at 10 o'clock for the north.

From Ocean Falls and way ports the C. P. R. steamer Princess Beatrice, Capt. Hawes, will arrive in port to-morrow with a good crowd of passengers and some freight.

The steamer Princess Mary, Capt. Brown, will arrive in port to-morrow morning from Comox and Nanaimo. She is bringing in a good cargo of freight and also has a number of passengers. The Mary sails on Tuesday morning.

To have new boilers installed and have a general overhauling, the British steamer Selkirk arrived in Seattle Thursday night from Vancouver. The vessel is owned by Capt. Lincoln Rodgers.

The whaling steamer Star Is. of the United States Whaling Company, is at Seattle outfitting for her voyage to Port Armstrong. The vessel is expected to get away to-day.

On her first visit to Tacoma the Harrison liner Craftman, Capt. Maycock, arrived there Thursday. The big freighter will load 2,000 tons of wheat and a large shipment of lumber for European ports.

Among the visitors who came from Vancouver to the Dominion hotel this morning are George Baldwin, A. Stapleton and W. A. Brown.

A jubilee banquet was held Thursday night in the parlours of David Spencer, Ltd., Vancouver, to commemorate the arrival in British Columbia of Rev. Dr. Thomas Crosby, better known throughout the province, and more particularly in the Skeena district among the Indians and white traders and trappers, as "Brother Crosby." There was a large gathering of Vancouver Methodists to do honor to the veteran missionary and his wife, who were the guests of the evening.

Seated at the centre table, Dr. and Mrs. Crosby were surrounded by a group of old friends, including Rev. James H. Wright, D. D., who was one of the first to welcome Mr. Crosby to British Columbia in the early sixties.

Dr. A. E. Bolton presided, and among those present were Rev. R. Newton Powell, Captain Oliver, who was associated with Dr. Crosby in the north, and Rev. Mr. Ganton.

Overton Price, of Washington, D. C., the distinguished forestry expert, whom the provincial government has secured to advise them upon the organization of the forestry department provided for in the forestry bill of last session reached the city yesterday afternoon, and at once started to work. Mr. Price is a native of Liverpool, studied in Germany for three years under Sir Dietrich Brandels, for some time inspector general of the department of woods and forests of India, Sir Dietrich winning his knighthood upon the great work accomplished by him in the formulation and initiation of the forest policy of India. Upon his retirement from active service, Sir Dietrich took a very great interest in the study of forest problems throughout the world, and incidentally lent great and valuable assistance to a number of American students of these matters, among whom were numbered Mr. Gifford Pinchot and Mr. Price.

Returning to America from Germany, Mr. Price spent some time in practical work in the woods, in lumber camps, etc., this being subsequent to his three years' residence in Germany, at Munich, where he graduated. He entered the forest service in the United States in 1899, and remained until 1910, when Mr. Pinchot and he retired as a result of the Ballinger trouble. Mr. Price is vice-president of the United States National Conservation Association and is specially equipped for instructing the provincial authorities on the most efficient means of conserving the forest wealth of the province.

The Evening Chit-Chat

By Ruth Cameron

The talk ran on loveless marriages. The Enthusiastic Young Person was bitterly condemning marrying "without love as a sin against one's self and society," and so forth, and a sin sure to bring its punishment of unhappiness.

And then the Man of Many Travels told this story:

"Six years ago, when I was selling in France, I was entertained by one of my customers at a position in a suburb of the city.

"The pension was built about a courtyard. Our apartments were on the second floor and had a little balcony upon which I used to sit of an evening watching the people in the courtyard.

"One among them in whom I took an especial interest was a pretty young girl, who instead of talking and laughing with the other young people, continually sat by herself and moped. I asked my host about her and he told me that she had fallen desperately in love with a young military officer and that her people would not hear of the match because they had already planned her betrothal to the son of some old family friends, a man some ten years older than she, and of extremely good prospects.

"Of course I rallied bitterly at this example of the abominable French custom of marrying girls against their will, and being a good deal younger and even more foolish than I am now, conceived some insane idea of assisting at an elopement.

"Fortunately my business interests called me away before I had a chance to make seven different kinds of a fool of myself.

"Last year I was again in Paris and was again entertained by my hospitable customer. We went out on the balcony and directly beneath us I observed a plump and charming young matron making a most delightful picture as she romped and laughed with her two babies.

"My host, seeing my interest, asked me if I recognized her.

"I said that I had never seen her before.

"Oh, but you have," he assured me. "That is that Mademoiselle C., about whose sad case you were so much wrought up when you were last here."

"So they let her marry the man of her choice after all," I rejoiced. "Good enough."

"But no," my friend corrected me. "she married that most despicable party who was so much selected as the man most fitted to make her happy and to carry on their line."

"But she looks happy."

"But she is. Most thoroughly so. She adores her children as you see, but not more so than her husband. They are a most devoted couple, an object lesson to all the married people in the pension—ah, there he comes now."

"A prosperous and kindly looking man advanced toward the group. The babies rushed to greet him. The wife followed with scarcely less abandon and gave and received a most affectionate greeting. They sat down together, talking eagerly, as two people who meet after a long absence."

"He has been away long?" I asked.

"But for the day," said my friend. "Such is the fickleness of women," I sighed.

The Man of Many Travels ended his story without further comment.

The Enthusiastic Young Person looked thoughtful. "But all women are not like that," she protested.

"Are there enough to shake your assurance that the marriage without love is always unhappy?" asked the Man of Many Travels.

"I wonder," said the Enthusiastic Young Person.

FREE TRIAL TREATMENT MAY CURE YOU

Kingston, Ont., June 6th, 1909.
Dear Mrs. Currah—I feel so very much better after using the 10 days' treatment of ORANGE LILY you were kind enough to send, that I will not require any more. In fact, I feel entirely well, and it is now a month since I stopped using the treatment.

Similar letters to the above are not infrequent, though, of course, such cases are not of long standing. Most women who have suffered for any length of time will require to use ORANGE LILY longer than the Trial Treatment in order to effect a complete cure, but in every case they will be perceptibly benefited. Further, the benefit will be permanent whether they continue to use ORANGE LILY or not. It is not taken internally, and does not contain any alcohol or other stimulant. It is an applied treatment, and acts directly on the suffering organs. In all cases of women's disorders, these organs are congested to a greater or less extent, and ORANGE LILY will relieve and remove this congestion just as positively and certainly as the action of ammonia or soap on soiled linen. It is a simple chemical problem, and the result is always the same, a step towards better health and complete cure.

In order that every suffering woman may prove its good qualities, I will send enough of ORANGE LILY for 10 days' treatment, absolutely free, to each lady who will send me her address. MRS. FRANK L. CURRAN, WINDSOR, ONT. 10

To Prevent Chapped Skin

—use warm water and Baby's Own Soap.

The warm water opens the pores of the skin and the minute particles of pure refined vegetable oils which form the creamy, fragrant lather of Baby's Own Soap are absorbed into the skin, keeping it soft, healthy, and preventing cracks and chaps.

A perfect rinsing, then smart rubbing when drying guarantees a fine smooth skin in any weather.

ALBERT SOAPS, LIMITED. MONTREAL

Awful Nervousness and Paralysis Cured By "Fruit-a-tives"

The Miracle Worker, That Cures When Doctors Fail--Now Used in Thousands of Homes in Every Section of Our Great Country.

Two Men From Widely Different Parts of Canada, Tell How They Found Health and Happiness by Taking These Wonderful Fruit Juice Tablets.

Walkerton, Ont., May 9, 1911.

"I have been in Walkerton in business for a good many years and many of my townsmen know that my health for long periods, was precarious. My trouble was extreme nervousness, brought on by indigestion or dyspepsia, from which I suffered in its most severe form. It was so bad that I could not sleep before about four in the morning. I noticed in the Toronto World one of your published testimonials of how someone had used 'Fruit-a-tives' for similar trouble, and asked Mr. Hunter, my druggist, his opinion on the matter and he advised their use. I immediately procured several boxes and I am pleased to say that I now enjoy splendid health and could not possibly feel better. I can eat with every degree of satisfaction and sleep without an effort, which 'pleasure' I was denied before. I was fortunate enough to use 'Fruit-a-tives'."

MR. ALEX. McCARTER

strongly advise anyone suffering from like complaints to commence using 'Fruit-a-tives' immediately. Don't stop at a few doses—but continue using 'Fruit-a-tives' until a cure is accomplished.

"I am unable to say enough in favor of 'Fruit-a-tives' as it saved my life and restored me to health, when I had failed to do anything for me. I had a stroke of Paralysis in March 1910, and this left me unable to walk or help myself, and the constipation of the bowels was terrible. Nothing did me any good, and I was wretched in every way. Finally, I took 'Fruit-a-tives' for the constipation, and it not only cured me of that trouble but gradually this fruit medicine toned up the nerves and actually cured the paralysis. Under the use of 'Fruit-a-tives' I grew stronger and stronger until all the palsy and weakness left me."

I am now well again and attend my store every day and all day. I reverently say "Thank God! for Fruit-a-tives."

These two cases show the wonderful powers of 'Fruit-a-tives' in restoring a shattered nervous system to health and vigor—in entirely curing obstinate Constipation—and in completely relieving Indigestion and Dyspepsia. What other one medicine in the whole world has ever done so much? 'Fruit-a-tives' cures.

It is the only medicine in the world actually made from fruit with the addition of valuable tonics. It is pleasant to take and will always give the most gratifying results when taken regularly. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

A MONEY MAKER

Fifteen acres of the finest fruit land in Saanich, between Cordova Bay and East Saanich road, with a fine view of the Straits and Sooke Mountains, \$500 PER ACRE. Good terms. Adjoining land, improved, held at \$1200 per acre, and close to school and post office, eight miles from city on good road.

DEATH DEALT OUT TO DOMINEY DOGS

SIX NEIGHBORS IN FEAR OF MONGRELS

Ermer Street Residents Arm Themselves With Sticks and Stones When Walking Out

Three dogs, said by witnesses to be of a mongrel collie breed, owned by Mrs. Bessie Dominey, Ermer street, and a litter of pups, are to be handed over by the owner to the Saanich constable within three days for death, according to the order made by the police court magistrate, on the evidence of half a dozen of the neighbors, so that the residents in the neighborhood of Ermer and Harriet streets and Burnside road may live in peace and without fear of hydrophobia.

Mrs. Matilda Scott, Miss Eva Hancock, Henry Scott, George A. C. Stoddart, Mrs. Errilla Peters and John Snow, all complained to the court this morning that the habits of the dogs were dangerous and caused the neighbors to be afraid to go out. Their estimate of the number of dogs that Mrs. Dominey kept varied, some said three and some said five, while the number of pups varied from five to ten. Mrs. Dominey, however, said she had two dogs, and the mother with a litter of eight pups, which had only just opened their eyes.

She was charged with keeping eleven dogs that were dangerous to the public, and replied by the charge that the eight puppies had but recently opened their eyes, and therefore were not dangerous. The neighbors, however, hung on to the three grown dogs, and told the magistrate how the dogs chased everyone and everything in the neighborhood; how one had taken a girl's hat from her head; had torn the ribbons from it, partly masticated the sleeve, and made the whole creation a ruin, impossible to be worn in Burnside road society again.

George Stoddart was asked if he knew the dogs, and said he did only too well. He also said Mrs. Dominey had four dogs, and was raising more. Mr. Stoddart told the court he always carried a stone when on the street, and did not give the dogs a chance at him. He ended his evidence with the information that there are ten pups in Mrs. Dominey's yard.

John Snow said he was not acquainted with all the Dominey dogs, but knew four or five of them. Asked what kind of habits they had he said "pretty fair." They had torn his daughter's hat up and chased automobiles, men, buggies, women, children and horses. He believed five of the dogs were a mongrel breed, half collie.

Mrs. Errilla Peters said the dogs chased everything and everybody—every day and every hour, night and day. They had kept her awake at night by howling, had showed their teeth to her daughter, and then chased her.

The other witnesses had similar stories to tell about the dogs, and some said they carried sticks when they went out so that they might protect themselves from the animals. Mrs. Dominey, however, said the dogs were good dogs and playful. She had three and a litter of pups. The pups and the mother she had given away to a boy who had not yet taken them home. She would leave her two dogs which she needed, because she had to meet her daughter at night on the last car from the city and take the dogs along with her for protection.

The neighbors' dogs were, she said, far worse than her own, and Mr. Snow had a dog that set the fashion of chasing in the Burnside-road district. Her dogs had not chased things and people until Mr. Snow's dog had educated them in the pastime. Two of her dogs were good natures, and the baby could be put with them on the ground, and the dogs would never leave it. She thought the hat story foolish.

CITY ENGINEER SMITH

AND N. VANCOUVER

Will Be Recommended to the Council for Appointment on Monday

The city engineer, Angus Smith, after just two years in office in this city, will be recommended for the position of city engineer of North Vancouver, and will probably be appointed in succession to Mr. Haines when the city council of the ambitious city meets on Monday night.

Mr. Smith is aware of the above committee recommendation, which reached the Times office in a message from Vancouver to-day, and there is little doubt but that he will receive the appointment.

Mr. Smith, whose term of office as city engineer here would have terminated by resignation on May 31, came from Regina in May, 1910, receiving the appointment here in open competition. He was formerly also associated with municipal work in various parts of Ontario, and held the position of city engineer of Stratford. He is a member of the Canadian Society of Civil Engineers.

"The Pink Lady."
Klaw & Erlanger's musical comedy, "The Pink Lady," is to be seen for one night, Tuesday, May 14, at the Victoria theatre. "The Pink Lady" ran for a year in the New York theatre, where it proved a great success. The reasons for this are many but the principal ones have to do with a witty and well-constructed story with music that is an integral part of the developments and a production which for harmony and color has never been equalled.

The book and lyrics are by C. M. S. McLellan, who adapted it from the French farce "Le Satyre," by George Hertz and Marcel Guillemain, which ran for a year at the Palais Royal in Paris. Mr. Ivan Caryll of the Gaiety theatre, London, composed the score. In it he has worked out the nearest and best musical effort for a light operatic presentation this country has yet been acquainted with. The whole is alluring and musically and here and there are especially catchy numbers which are always found in a hit. Of these numbers the "My Beautiful Lady" waltz is, of course, the best known, but there are others of almost equal worth, like "The Girl by the Saskatchewan," "Hide and

med hat faced with dark brown and trimmed with maize-tinted silk and feathers, a director's sunshade to match, and the slippers, with a simple strap, complete the toilette.

"The Spring Maid," as it will be heard here at the Victoria theatre on Wednesday, June 12, is an exact reproduction of the style of the original Viennese presentation, even to the point of including in its long cast, Fraulein Mizzi Hajos, the Hungarian player who created the leading feminine role. The work is considered to be the last word in construction of light opera, and is said to predict the form of musical entertainment to be heard in the next decade.

Scenically, it demands a brilliant and even lavish setting for its quaint tale of wood nymphs and legendary figures, and there is also an unusual amount of humor in its story which has given credit as one sufficient reason why this work made a record for itself with a two season run in New York that has only been equaled in theatrical history by "The Merry Widow" and "Floradora" of a past generation.

The Empress Theatre.
A special bill with several feature attractions is provided for vaudeville patrons at the Empress theatre next week. The five musical McLarens—four charming little misses and a young man—who wear the MacLaren tartan, head the bill. This had and the quartette of lassies from the moors

ing and talking melange of song and repartee. Miss Whiteside will be remembered as a charming comedienne who appeared at the Empress theatre two years ago. This act vies with that of the MacLarens and the dramatic sketch for headline honors. Every bit of it is good, and it is staged with generous vestings of scenery and wardrobe that make the effect all the better.

George Yoeman, the monologist, is stated by the critics at Seattle to be "undoubtedly the cleverest in this line seen at the showhouse for some time." He is gifted with a good singing voice, and contributes some amusing parodies. He tells some good stories which will tickle the risibilities of the audiences next week.

"The Ginger Kids" as Henry and Lizell are billed on the programme, will be seen in an eccentric dancing and acrobatic number which includes some singing. These two agile young persons present an amazingly difficult and graceful lot of dances with a few gymnastic turns thrown in.

"Bunty Pulls the Strings."
Theatregoers will see the Highland comedy, "Bunty Pulls the Strings," earlier than was expected, when the play opens at the Victoria theatre Friday, May 24, with a company of imported players organized especially for the production which is en route for San Francisco, where they are to play a four months' engagement during the coming summer. This was made necessary because the London success was duplicated in New York and Chicago, and the stay in the two latter cities promises to run indefinitely, which necessitated the importation of a third company specially selected by Graham Moffat, the author of the play, for the larger cities of the United States and Canada, and for the San Francisco run. Mr. Moffat is an actor, and with several members of his family is playing in the London production. Until the light of day the Moffat family was confined to the smaller cities of Scotland producing Scotch plays, and to only indifferent business. Then "Bunty" was produced in London, and inside of six months the fame of Graham Moffat, author, became an international by-word in the theatrical profession, and he is classed with such writers as W. J. Gilbert and J. M. Barrie. In fact, "Bunty" is making just such another furor as did "Pinafore" some thirty odd years ago.

New York and Chicago at the present time are "Bunty" mad, so much so that all kinds of merchandise is being named after it. New York now has the "Bunty" hat, "Bunty" cigars, "Bunty" collars, "Bunty" corsets, "Bunty" skirts, and "Bunty" what-nots. There is no end to it, and among the playgoers the casual observer hears "Bunty" on every side; along 41st street, New York, that a short time ago somewhat resembled a side-path in a cemetery, is now a blaze of light and sounds like a pandemonium just about theatre time. Sidewalks are crowded and the street is filled with autos, cabs and vehicles of all description, and all seem to have the name "Bunty" on their lips. And "Bunty" does not disappoint, for everything about it is expressed in one word, "charming."

"Nobody's Widow."
A popular and talented American actress presenting a typically American comedy by an American author under the managerial guidance of a genuine American producing manager is the offering at the Victoria theatre Monday, June 3, when Blanche Bates will appear in "Nobody's Widow," by Avery Hopwood, under the management of David Belasco.

Miss Bates' artistry as the "widow" has revealed in her latest endowment that has heretofore been somewhat dormant by her long association with emotional roles, such as "Madame Butterfly," "The Darling of the Gods," "The Girl of the Golden West," and "The Fighting Hope." Her departure and success therefore is all the more welcome, as, judging by her undisputed prosperity she discloses native attributes that are essentially characteristic of herself.

The chief merit in "Nobody's Widow" lies in its plausibility of construction, its destitution of triviality, its sincerity of purpose and its excellent interpretation by Miss Bates and the splendid coterie of players that Mr. Belasco has associated with her, including Rex McDougall, Adelaide Prince, Rex McDougall, Edith Campbell, Alice Claire Elliott, Minor S. Watson and others, who aid her in placing the performance upon the plane of excellence that is characteristic of all the productions under Mr. Belasco's skillful guidance.

MOVING-PICTURE IMMIGRANTS.

In the Woman's Home Companion there is an extraordinarily interesting account of the development of moving pictures as definite educational agencies. The article includes a number of specific reports of the uses to which moving pictures are being devoted. The following are some of the changes the entire character of picture shows in her town by asking the manager to co-operate with her in class-work. When her pupils in literature were reading "The Vicar of Wakefield" the manager exhibited a picture film of that classic. When the geography class began to study about Switzerland, the manager secured films showing Alpine climbing. That manager is doing a bigger business, the school children are receiving clearer ideas of their class-work and the parents are following what their children are doing in school.

The Iowa Federation of Women's Clubs has started a movement to induce Cross films and other hygienic subjects throughout the state. The senior class of the High school at Florence, Colorado, has made the introduction of high-grade films into the local picture houses this year's work in civics.

The Women's Municipal League of Tecumseh, Nebraska, made an arrangement with the manager of the Lyric theatre of that city to give them a percentage of one day's receipts each week and exhibit certain films illustrating the civic needs and work of the city. This has brought the manager, patrons and social workers closer together for the city's good.

The president of the Great Northern road is encouraging immigration to the Northwest by sending out twenty thousand feet of special films showing industrial and agricultural life along its route. These are displayed in cities where congestion should suggest the slogan, "Back to the Farm."

The Tarrant County Medical Society, Fort Worth, Texas, has started an educational campaign by showing in moving pictures how to keep food clean and pure, the care of milk, sanitary dairies, etc.

The New York State Board of Charities wished to interest the public in the work and methods pursued in various state institutions. It had a film company take moving pictures in orphanages, reformatories, hospitals, schools for the blind and the crippled, "homes," etc. These are now exhibited in commercial clubs and at conventions and county fairs.

THE SASKATCHEWAN GIRLS IN THE "PINK LADY"

Reek, "Donny Did, Donny Didn't," "When Love Goes Astraying," "Bring Along the Camera," and "There is a Band in My Heart."

To bring out the deft touches and subtle beauties of thirty pieces is carried. Klaw & Erlanger have made many notable productions, but their record has been excellent in "The Pink Lady." It is the unquestioned hit of the decade as far as light musical efforts go on our stage.

A company of 30 people will introduce the piece here. In the cast will be found John E. Young, Olga De Baugh, Marguerite Wright, Octavia Broske, Josie Intropidi, Raymond Bostom, Minnie Jarbeau, Harry Depp, George Majerona, George Reed, John J. Scannell, and others equally well known, including the pink of perfection chorus.

"The Pink Lady" needs no other introduction. The management of the theatre has made special arrangements for the caring of patrons from the outside cities and the indications are that all records at the theatre will be broken in this happy engagement.

"The Man From Home."

A startlingly new note in cut and design is sounded in the riding habit, which Miss Helen Harvest wears in "The Man From Home," which comes to the Victoria theatre Thursday, June 6.

The suit is a golden brown cloth, and the skirt, which reaches to the instep, where it is turned up in a four-inch hem and machine stitched, is cut in straight-broadth and is fastened at the top so that there is almost the appearance of darts. It fastens at the left side, buttoning straight down with brown buttons of moderate size. The coat is a three-button cutaway in two-thirds length and fits snugly. It opens over a vest of brown cloth of a darker shade, is finished at the top with smartly tailored revers, is deeply pointed at the bottom and buttons down the centre-front, the buttons being set close together. The sleeves show a touch of novelty. They are set into rather large arm sides and with a little fullness, and while they conform to the shape of the arm, they are larger than the average sleeve is nowadays, so that they have a tendency to pouch over the six-inch cuff with which they are finished. Mannish revers on the coat, a soft felt hat and a black ribbon bow at the back of her neck complete the costume.

Miss Leonora von Ottinger, as the Countess de Champigny, wears a gown that is perfectly stunning. It is of maize satin soiled in a draped princess style. At least it is so designed that it has the appearance of being en princess, but as a matter of fact the bodice and skirt are separate, with the line of division concealed by the soft folds of the swathing which forms the bodice portion. One shoulder sleeve and one-half of the bodice are net embroidered in silver, while the other shoulder sleeve and the rest of the bodice which crosses it in surplice fashion, are of the solid. The other sleeve is formed of a suggestion of tucks, each an inch deep. The folds about the waist are drawn very smoothly, and those that naturally result about the hips fall gracefully into line with the skirt. A large white

of Scotia, sing, dance and play various musical instruments, and will have a claim on the interest of the audience every second they are on the stage. The act includes violin, piano, xylophone, cornet, trombone, "traps" and vocal music and ensemble dances. The act is artistically staged. Every bit of it is good, and there is a flaring wind-up in the shape of band music when the wonderful little "traps" later gets noise and throbbing rhythm out of her assortment of drums and cymbals that is reminiscent of a circus.

The Roland West players will present a tabloid dramatic sketch from the pen of William H. Clifford, entitled "Bill Jenks, Crook." This piece is said to be a stirring situation and dramatic denouement. William S. Gill is the featured performer. He plays the role of "the thief." Mr. Gill was formerly a member of the Savage forces, and has played many important roles on the legitimate stage. He is capably supported, and no care has been spared to give the sketch a good setting.

Ethel Whitesides and her three pickaninies will offer a singing, dancing

ACETYLENE

Gives You More Light For Your Money

It's a fact that Acetylene, the softest, whitest, most agreeable light known, actually costs less than light from coal oil lamps! A good-sized lamp, giving 24 candle power, burns a gallon (200 worth) of coal oil in 30 hours. That's a cent an hour.

A 24 candle power Acetylene light burns 3/4 cubic foot of Acetylene per hour, costing just half a cent.

So you see Acetylene is only about half as expensive as coal oil lamps for an equal illumination.

Yet it is a bigger improvement over lamps than they are over the old-time candles. The light is whiter—better to read by—easier on the eyes.

Then there are no lamps to clean, no chimneys to break, no oil to pour, no dirty wicks to trim, none of the nuisances you have had to put up with, and many advantages you have never enjoyed.

We'll be glad to tell you just what it costs to put in and run an Acetylene lighting system, and how to go about it. Write us.

MOTHERS' CORDIAL OR HERBAL TONIC

Lessens the dangers of childbirth—quick deliveries, making them easy—shortens confinement and pain—strengthens mother and child—makes recovery rapid, and both mother and baby healthy and good-spirited.

Mother's Cordial or Herbal Tonic is also a sure preventative of delayed and painful menstruation. Young girls will find it invigorating, and women nearing the change of life will find it a friend indeed.

This time-tried medicine contains no stimulants—it is simply a scientific blend of Indian herbs, famous for their medicinal value. Write for free circular. At your druggist's—or, by mail, \$1.00 per package, 6 packages \$5.00. Dr. Coonley Medical Co., Windsor, Ont.

COUNCIL DEBATES PAVING QUESTION

SHALL ANY FURTHER
CONTRACTS BE AWARDED?

Strong Comments on Street
Car System—Some
Causes of Delay

The perennial and difficult problem of paving operations in the city occupied the streets committee of the city council last evening for over an hour, and while the item which introduced the debate was laid over till Monday, namely, the letting of contracts for several minor streets in James Bay to the Canadian Mineral Rubber Company, the debate developed the strong opinion of members that the council and not the paving companies must determine where work is to be done.

The local manager of the C.M.R. Co., H. J. Keiser, indicated that unless the city gave them minor streets to pave where they had their plant, he would remove some of the plant to Vancouver, where the company had large contracts now, as it was impossible with the legal delays on trunk roads to get the streets in such shape as to enable them to go upon them. Some of the streets which had B.C.E.R. tracks upon them had been the subject of a request by the B.C.E.R. not to have them disturbed till after the Victoria Day celebration.

This apparent disposition of the companies to arrange among themselves when work should be done at once aroused the council to anger, and his worship remarked that the B.C.E.R. Company's directors, when here, had given him 15 minutes' time in which to point out the great grievances of the city against the company in the way of irregular service, overcrowded cars, and other features. It was the city's place to bring the company to time.

"When I notice the conditions from my office window, between 5 and 6 o'clock, on the Douglas street and Spring Ridge cars, almost every evening, and see the people hanging on the cars and others left standing in the street, it is time we took drastic action," said the mayor.

Alderman Okell, after endorsing what the mayor said about overcrowding, observed: "For some time I have been considering the desirability of securing data with a view to determining the cost of expropriating the tramway system."

Alderman Gleason deplored the opening up of all trunk thoroughfares for paving, without completing any of the work, and said it looked as if they would reach the end of another year without anything definite being done. The work now open should be concluded, and give the public an opportunity of access to their streets. He had seriously considered if it was not time the city should take under advisement whether it was desirable to let any more contracts, and go in for a paving plant themselves.

The mayor drew attention to the condition of Cook street, north of Pandora, and other thoroughfares which had been drifting on indefinitely from week to week. He was strongly in favor of concentration on the trunk roads of the city, but if it was necessary to retain the company's plant in the city some minor streets must be let to the company.

Alderman Humber attributed the delay to the slow progress on expropriations, and said that the paving company was not to blame for the delays, which were mainly legal.

Aldermen Dilworth and Porter stood out for the prosecution of work in

Ward Five, and Alderman Beard in his district, particularly round George road.

The letting of the contract, amounting to about 100,000 square yards, was laid over till Monday, when a detailed list of the streets proposed to be let will be presented.

THE CAMPAIGN FOR A NEW HOSPITAL

MASS MEETING WAS
HELD LAST EVENING

Several Addresses Setting
Forth the Need of a Modern Institution

The mass meeting held last evening in the auditorium of the Y. M. C. A., under the auspices of the Women's Auxiliary of the Provincial Royal Jubilee hospital was well attended, Leonard Tait presiding in the chair, and with him on the platform were Mrs. Robertson, president of the Women's Auxiliary, and Mrs. J. S. Ballantine, honorary secretary.

Mr. Webb, the first speaker, said that he thought the best way of getting money for the proposed new hospital would be to go to the provincial government and the city, as by this means the building would be paid for by those who were here now and by those who were coming. Attention was called to the rapid growth of the city, and to the relatively slow results from voluntary contributions. Owing to the increased activities of the city accidents were becoming more frequent, and the need of extended accommodation for these cases alone demanded more hospital room. The speaker recommended that instead of abolishing the provincial tax of \$3 some consideration should be given to the idea of converting this amount into a hospital tax.

Dr. Robertson, who gave reasons from a medical standpoint why Victoria required a new and up-to-date hospital. The Jubilee hospital, he said, had been opened in 1887, when the city had a population of about 24,000, a number which since then had been more than doubled, and despite the fact that St. Joseph's had been erected since that time, the combined accommodation afforded by the two hospitals is now found quite inadequate. This, then, was the first shortcoming, the lack of hospital accommodation in proportion to the population. Other points which the speaker noted, were the need of modern laboratories; more operating theatres were also required; at the present time there was only one in the hospital, and the doctors had to wait for each other to operate on a patient. Proper gymnasia should be provided in order to secure the speedy recovery of cases where the absence of such treatment might mean the permanent loss of a limb. There should be a hydropathic institute in connection with the hospital, fitted with Turkish baths. There should be provision for water baths for the treatment of burns, etc. A maternity ward was a much-needed addition also, the speaker recommending that the present Strathcona ward of the Jubilee hospital might easily be converted to such use. In addition to all these things some sort of provision was badly needed for the treatment of acute mental diseases, which, at the present time, were usually left to the police and taken to the terrible surroundings of the police cell. Summarizing, the speaker said that he regarded the present hospital as not only inadequate but quite obsolete.

Colonel Prior, who spoke from the citizen's standpoint, said that for a city such as this, which prided itself on being for its size one of the most successful cities in the world, it was a dreadful condition of affairs when such large numbers of patients tried to obtain admission to the hospitals every week and were turned away because there are no beds to be had. He felt quite convinced, however, that when the ladies commenced their campaign next week they would meet with a ready and generous response from the business men of the city. The Y. M. C. A. itself was a splendid example of what could be done in this respect. With reference to Mr. Webb's suggestions of appealing to the government and the city, the speaker said that he disagreed with this, and felt that the first effort should be made amongst the citizens themselves, as the government would not doubt say that if they gave Victoria a grant they would also be called upon by every other city in the province for a grant for the same purpose. When a sum of money was collected, and the citizens had responded as well as they could, then the government might be requested to supplement this by a grant.

Hon. D. M. Eberts, Hon. Mr. Eberts spoke eloquently of the good work which the present Jubilee hospital had done in times gone by, giving a history of the institution and his connection with it both as a director and as a patient. "I owe a great many thanks to those people who are connected with the Jubilee hospital, and I take this opportunity of expressing my thanks to Dr. Hasell for his kindness to me while I was there," said the speaker, who also paid a tribute of gratitude to his surgeon, Dr. Jones, and to the nurses who attended him there. In the early history of Victoria the crude equipment provided for the carrying out of surgical operations was conducted in the worst possible results, and a patient's life was almost more endangered by operation and the resultant infection than by the disease itself. Surgery had advanced to such a stage that modern requirements ab-

solutely demanded the most up-to-date equipment possible. To-day in the Jubilee hospital, even with its inadequate equipment, lives were being saved every week which 25 years ago would have been lost. How much more would its service to suffering humanity be if fitted with modern surgical apparatus and with up-to-date conveniences.

J. K. Bolden, one of the directors of the hospital, said that the matter of providing more accommodation had been carefully considered some years ago by the directors; the buildings had been most carefully examined in order to learn whether or not it would be safe to attempt the building of additional stories on top of those already existing, but this was found impossible. It was decided that the buildings would have to go, and the growing demand during the last eighteen months had hastened forward their doom. Calling attention to some of the patent disadvantages of the present building the speaker said that at the present time no less than twelve furnaces were required to heat the hospital owing to its scattered condition; the nurses had infinitely more work to do on account of the long corridors which cut off one part of the hospital from another; a more compact scheme was required altogether.

Mrs. Jenkins and Mrs. J. D. Gordon testified to the willingness of the ladies to show their ability to work when the campaign opens next week, leaving the present occasion to the eloquent efforts of the gentlemen who were speaking on behalf of the proposed hospital.

Before the meeting broke up the chairman announced that the fund had already been provided with a small nucleus of \$100—this sum having been contributed by the Daughters of Pitt.

Following the mass meeting the delegates from the various societies represented held a meeting in order to consider the project.

Letters for publication in Daily Times must be received before 10 a. m. When received after that hour they will go over until next day.

HALF HOLIDAY FOR CLERKS.

To the Editor: Will you allow me space in your widely read paper to call the attention of the storekeepers to the fact that they do not give their clerks a half holiday once a week?

We are living in a new country with every modern convenience for us to use either in our work or recreation. Most bookkeepers and all the wholesale store clerks work less hours per week, and yet they get a half holiday once a week. Now, sir, I would ask if you would lend a hand through the medium of your paper to try and secure a half holiday once a week for the most abused, hard-worked and worse paid of all who work in this city of Victoria, so as to give them all an opportunity of some recreation during the summer months.

"FAIR PLAY."

Victoria, B. C., May 10, 1912.

RE CIVIC CENTRE.

To the Editor: I was very much disappointed to read that the decision of the committee to investigate the civic centre problem decided to allow the old site to stand without giving the ratepayers another chance of expressing their views on this important matter. The last time this question was voted there being too many sites put up for consideration. I think the council should narrow this down to two sites, the present site and the other one, the one at the head of Pandora avenue, which to my mind, is the finest site that could be found in the city, there being ample room for building a fine city hall. The centre of the street between Cook and Vancouver could be very nicely laid out with flowers, grass and shrubs and the system of cluster lights could be extended all around the civic square. The present Market building could be retained and the police department installed there along with the fire department. The sale of the present city hall site would provide quite a sum towards our new city hall, as there would be no land to purchase. A line for the trams could be laid around the civic square, thus making a loop for the cars to carry people when anything of importance was going on at the new hall. I may say that I am greatly disappointed at the little interest our present mayor takes in this matter. He does not seem to be alive to the importance of it at all. I am writing this letter, hoping that some one better able than myself will take up this matter and push it to a successful conclusion.

"HIGHFIELD"

The newest subdivision on the Wilkinson Road. We think it is the best. Most of the lots we are offering for sale are double the size of ordinary town lots, and they need only to be seen to be appreciated. They lie on a gentle slope, all cleared, and in the highest state of cultivation. Some have a number of full bearing fruit trees, most of them are in grass. "HIGHFIELD" is close to the four-mile circle, and 2 stations of the B. C. Electric railway are within a few minutes' walk. We can offer these lots from

\$550 UP

On very easy terms. We will take you out to see them. Our auto will leave the office, 634 View street, at 11 a.m., 2.30 p.m. and 5.30 p.m. daily.

Banish Dandruff in a Month

The faithful use of Na-Druc-Co Dandruff Eradicator, according to directions, every night for a month, will completely overcome the worst case of Dandruff.

NA-DRU-CO Dandruff Eradicator

is compounded and guaranteed by the largest Drug Firm in the British Empire. Its formula is based on real, scientific knowledge of the hair and its diseases. Expert chemists compound it from ingredients which do NOT include anything that can possibly injure the scalp or change the color of the hair.

Supplement Na-Druc-Co Dandruff Eradicator with Na-Druc-Co Hair Tonic and Dressing, and you can bring the hair to a splendidly healthy condition. These two Na-Druc-Co preparations are put up in 50c. and \$1.00 bottles. Ask your Druggist for them.

ROBERT LIVINGSTONE.

PRIMARIES KILL THE WARD BOSSES

Struggle for Integrity of Ballot Wins Victory in Chicago

When the precinct committeemen chosen by the people of Illinois at the polls met to elect delegates to the state convention of the political parties, their ballots represented the concrete evidence of a political revolution in the city of Chicago, says the Montreal Herald.

The arrival of the precinct committeemen as the unit of power of a national party in Illinois and his election by the voters at the direct primaries has changed the fundamental methods of party machinery in the state and already decreased the passing of that malodorous, albeit sometimes picturesque figure that has dominated Chicago in common with many another American city—the ward boss.

The elective precinct officer is the fuse to the dynamite that has exploded the colossal and hitherto apparently immovable forces whose dictatorship of the districts made them the cornerstones of their party in the cities.

There are some districts where the fuse will take some time to burn to its end, but in others the detonation was heard and felt with deadly effect. It may be that some other form of party dictatorship in small districts will be evolved, for such rule establishes itself in devious ways, but the old days and the old ways of the ward boss seem to be numbered.

For forty years Chicago has been endowed with a system of party politics in which the self-made or boss-made ward committeemen were the cogs of the machine. There was a form of election by the ward clubs usually in secret session, always with permission of the ward boss who, in most cases had himself elected to the position, and the so-called ward committeemen became a self-perpetuating body—an alliance against the rank and file of the voters.

Their elections were usually back-room affairs and the methods used in their accomplishment were preferably peaceful. There was seldom any opposition at these elections, for the simple reason that the opposition wasn't admitted. Two or three men whose tenure of power in the ward came from the ward boss would hold a session resulting in the election of the committeemen he designated, while the opposition, sometimes outnumbering the forces of the Wardwicks two to one, held futile sessions in other halls.

Under the system the "outs" had to have a 3 to 1 strength to win at any primary, and even with that couldn't possibly have a ward committeeman unless some total upheaval of the whole party came to aid. And the ward committeemen, representative of the power of the ward bosses, selected the committee who named candidates and delegates to conventions and who kept well oiled the machinery of the big parties.

The change came first with the direct primary. Last Tuesday week's election in Illinois was really the election of the precinct committeemen. Voting psychologists of experience declare that the enormous vote cast in Chicago, was due not to an enlarged interest in woman suffrage, nor to the preferential vote for presidential nominees, but to the work done in bringing out votes by the various candidates for precinct committeemen. They estimate that at least 50 per cent. of the large vote was due to the men who desired this office to get their neighbors to the polls. Men who never before took heed of party machinery went to vote for neighbors who had a burning desire to make themselves part of that machinery. And the man who had the most friends in his precinct and his party there was elected.

In some of the precincts of the city the battle for the precinct committee ship grew so heated that the police were unable to hold the rioters in check. The most bitterly fought battle

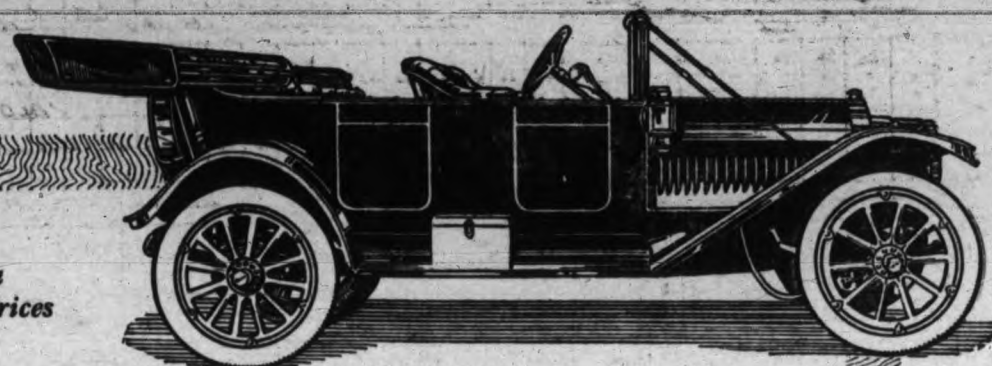

It is Criminal to Neglect the Skin and Hair

THINK of the suffering tentailed by neglected skin troubles—mental because of disfigurement, physical because of pain. Think of the pleasure of a clear skin, soft, white hands, and good hair. These blessings, so essential to happiness and even success in life, are often only a matter of a little thoughtful care in the selection of effective remedial agents. Cuticura Soap and Cuticura Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a postal to "Cuticura," Dept. 534, Boston, U.S.A., will secure a liberal sample of each, with 32-page booklet on Skin and Scalp Treatment.

The Tudhope

"The Car Ahead"

Sold in Canada
at United States Prices

This Car is Guaranteed for Two Years

Tudhope Cars.

That guarantee is our assurance to the Tudhope owner that we have used the utmost care in building his car. It says that experienced men have watched every piece of material, as it passed through each process of milling, grinding, and polishing until, leaving our manufacturing department, it was ready to be assembled into the Tudhope Chassis.

Visitors to the Tudhope factory are surprised to see that we manufacture our motors. Boring the heavy motor castings is a most important operation and one we feel we must do in our own shops. To ensure absolute alignment of the cylinders we bore them at one

operation. We could buy these castings already drilled and ground—but if we did, we could not deliver a car as well balanced or as dependable as the Tudhope. We would not have absolute control over the construction. We could not avoid the possibility of variation in size nor the use of inferior material—we could not GUARANTEE IT FOR TWO YEARS.

To be sure of a finish that will last through sun and rain, we build and finish our car bodies in our own factory. We also do the nickel-plating on all the metal parts, so that we can watch and inspect them and know that they will not wear off quickly in service.

In those parts, such as the magneto, tires, lamps, rims, etc., which we do not make, we use the very highest type obtainable. This anyone can verify by comparing Tudhope equipment with that of high-priced cars. The Bosch Dual High-Tension Ignition is the best system we know. Continental Demountable Rims—Trufoat-Hartford Shock Absorbers—Gray & Davis Lamps—Stewart Magnetic Speedometers are not found on any but the best cars.

Tudhope "Six" 48 h. p.—Six-Passenger Touring Car \$2,400 Five-Passenger \$2,325

Victoria Agency Pacific Motor Co., 836 Yates St.

was that in the precinct of the eighteenth ward, where John Brennan and "Barney" Grogan fought for supremacy. Aside from their political bitterness, a long-standing family feud added fuel to the flame. Brennan's defeat has led to a shifting of forces, so that Grogan's election as ward committeeman becomes problematical. But Brennan's defeat effectively takes away from himself the chance of holding that office.

The interest displayed in the election of the precinct committeemen was by no means confined to those wards where the ward boss has always been in close touch with the voters. In one precinct, near Garfield Park 17 ballots had no other mark than the name of the precinct committee candidates for whom the electors wished to vote. Woman suffrage, Taft or Roosevelt, Densen or Dunne, Sherman or Cullerton, Feter Barten or no Peter Barten, made no difference to 17 men in three blocks who had interest enough to come to the polls to vote for a neighbor.

Ward bosses have been so inter-related with Chicago politics that a story of their power would be a story of inner history in the city. Some of them have become mayor, others have held the governorship and still others have attained to the United States senate. All of them have not been "short-haired."

Some of the more successful, if less typical, have been of the "silk-stockings" brand of politician. Ex-Mayor Busse, James Pease, Arthur Dixon, Milton Foreman, Senator Lorimer, Roy O. West, and the late John M. Smyth have been among the famous Republican ward bosses of Chicago, controlling ward bosses. Among those more widely known in that capacity on the Democratic side have

been John Powers, John Brennan, Michael Kenna, John Coughlin, Edward F. Cullerton, the late Thomas Gahan, Thomas Carey and Michael McInerney. Competing with the latter two in the stockyards district was "Buck" McCarthy. On the North Side John F. O'Malley and James Quinn remain the survival of a line of absolute power.

The power of the ward boss in Chicago, began in the '70s. Previous to that the units of power had been controlled by the aldermen. To them the people of the ward looked for rights and privileges. To them went men anxious to enter politics. But the very fact that the alderman held power and was unable to give every man a chance to hold the office of alderman, was his ultimate liability to hold the continuous office of ward boss.

He couldn't continue being elected if he wanted to continue his dictatorship. And so he was superseded gradually by men who wanted power rather than office in their own districts.

In the Seventeenth ward Tom Carney, the quaintest character of all the ward bosses, held sway over the stevedores, coal haulers and grain trimmers who populated his district. His methods were direct and patriarchal. He was a little dried up, bitter-tongued man, whose weapon of defence was his horseship. He disapproved of drunkenness, the prevalent vice of the men he ruled, and he used the whip as an agent of temperance. It was not surprising to anyone in the old Seventeenth in those days to see Tom Carney driving in his buggy as close to the sidewalk as he could crowd while he lashed some drunken stevedore or grain trimmer while he abused him: "What are you doing? Drunk again? Didn't I tell you—"

where you if I found you drinking? Where's your money gone? Gone. Why didn't you take it home to your wife? Let me catch you drunk again!" It was no benevolent despotism that Carney used on his subjects, but they kept him in power.

THE PRINCE'S SUITE.

New Apartment of Five Rooms Being Prepared at Windsor Castle for H. R. H. Prince of Wales.

A new suite of apartments for the Prince of Wales has been recently prepared at Windsor Castle. "This," says the Building News (London) "is to be situated close to the King's private apartments, and will comprise five rooms. When the alterations are complete all the most treasured belongings of the heir apparent are to be placed there."

The provision of these rooms is part

of an extensive scheme of alterations and improvements now drawing to a close. Notable amongst these are developments in keeping with the spirit of the times. The extensive garage for royal motors designed to the command of King Edward VII. is now in use, and fresh quarters for the castle fire brigade, which will be equipped with all the latest appliances, are nearing completion.

So comprehensive are the changes that it is considered that little structural alteration will be necessary for some years to come. The interior is stated to present a much brighter appearance than in the days of Queen Victoria.

ADVERTISE IN THE TIMES

Remember, Nothing Will Do, But

TETLEY'S

INDIA AND CEYLON TEAS

WHAT CHANCE HAS A WORKINGMAN GOT UNLESS HE SAVES WHAT HE CAN AND INVESTS IT JUDICIOUSLY? WELL HERE WE OFFER HIM THE BEST CHANCE YET

IRVINE PLACE

DON'T PUT IT OFF—
COME IN TO-DAY

If you haven't got \$50, at least, there isn't much use in your trying to invest. Ordinarily, even if you HAVE that much you can't do much with it. But here is a chance for you to make your \$50 earn you good money. "Irvine Place" is a new subdivision lying between the Cedar Hill road and the Gordon Road, about 300 yards beyond the Mount Tolmie post office. It is about three-quarters of a mile from the end of the Mount Tolmie car line and the University and Normal schools. It lies between Mount Tolmie and Mount Douglas, right in the path of all developments and the prospective car line from the city to Mount Douglas park will either pass right through "Irvine Place" by way of the best grade, which is "Sheldown Street," or else close by it. In either event prices will jump to probably double what we are asking now.

No lot in "Irvine Place" is less than a quarter of an acre in extent. Every lot is as clear as a billiard table and is high and absolutely without rock. The soil is deep and fertile and very productive. Even if you want to build a home right away for yourself these lots offer you a chance to have a pretty

lawn and a large, fruitful garden. It would cost little to build compared to what it costs on lots where there is rock and hard excavation work. Even if the district didn't go ahead at all these lots would be fine investments at the price.

Now, here's the opportunity: Owing to the very easy terms on "Irvine Place," you can get one of the \$500 lots by paying down only \$50. You don't have to pay anything more for four months. Then you pay \$50 more. If you still want to hold the property at the end of another four months you pay \$50 again. You only have to look around and ask those who know to realize what the Mount Tolmie district will be in a year from now. Then just consider: You would have one of these \$500 lots for two and a half years before you would have paid \$500 for it. On one of the \$500 lots just figure \$80 each time instead of \$50.

This is the best chance you are likely to have to get in on realty values in Victoria. Don't put it off, because the lots are selling very fast. Come around and pick yours to-day.

CITY AGREES UPON FACTORY SITES

Four Areas Are Approved for
Location of Future
Industries

The four areas for factory sites were steered through a critical council last evening by Alderman Stewart, and will come up for final approval on Monday night.

The areas, however, suffered diminution, as they were slowly hammered out on the anvil of debate, and only the James Bay area west of Oswego street passed scathless through the fire of criticism.

Alderman Humber picturesquely described the council as "insane" in trying to settle so many sections of the city for industries, and said the homes of the humble citizens, who resented the possibility of factories "on their doorsteps," were as dear to them as the stately mansion of the "nobles of Englishmen on Rockland avenue." (Laughter.)

Alderman Okell saw the sinister finger of the real-estate agents, whose representatives were present at the conference when the scheme was determined, but this insinuation was repudiated by the chairman of the committee, Alderman Stewart.

The long and desultory debate ended in the council accepting the portion of

Victoria West, south and east of Wilson street, and 240 feet on either side of the E. & N. tracks, of course, including the reserve; the Douglas street area to 240 feet east of the V. & S. tracks; and the Rock Bay area as far as Dunedin street, but not affecting the residences on the Gorge road west of the Centennial Methodist church.

LO.O.F.

Meetings Next Week.

Tuesday—Colfax Rebekah Lodge, No. 1.

Wednesday—Columbia Lodge, No. 2.

Thursday—Dominion Lodge, No. 4.

Friday—Victoria Lodge, No. 1.

During the week just closing Grand Master Cullin made official visits to the various lodges in this city, accompanied by other grand lodge officers. Upon all occasions he was greeted by a splendid attendance. Some very interesting information regarding the order was given by the worthy grand master, and his visits were heartily enjoyed by all. According to the statistics, which will be laid before the grand lodge, the order is making remarkable progress in this province in every respect. One item which particularly pleased the members was in regard to the benefits paid out last year by lodges under the jurisdiction of the sovereign grand lodge. The figures show that an average of \$10 a minute was paid to relieve the sufferings of mankind by this order in the year 1911. As the corner stone of Oddfellowship is the relief of distress, it will be seen that the fundamental principle is being carried out in a commendable manner. Another interesting item was given out by the grand master. A building has been erected in connection with the sanatorium at Tranquille for the treatment of tuberculosis in its early stages. This building has been completely furnished by funds subscribed by LO. O. F. members. Grand Master Cullin gave a very interesting account of his visits throughout the province of British Columbia, and announced encouraging reports from all places visited. Victoria Odd Fellows are proud of their grand master, and when he relinquishes the reins of office next month, when the new officers are elected, Dominion Lodge, No. 4, will have within its ranks a past grand master who during his term of office, proved most efficient and popular. Upon the occasion of his official visit to Columbia Lodge, No. 2, on Wednesday evening last, Grand Master Cullin presented Bro. C. Revercombe, P. G., of Manitoba Lodge, No. 1, of Winnipeg, with a veteran's jewel at the request of his lodge, the jewel having been forwarded for that purpose. Bro.

Revercombe replied in a few well-chosen words.

Vancouver Encampment, No. 1.

At the meeting of the encampment on Tuesday evening last several candidates were admitted to the patriarchal degree. At the next meeting, May 21, the election of officers will be held. Considerable new blood has been infused into the encampment during the past few months, and the ambitious ones are doing their best to prove that they are worthy of being elected to office. There has been decided work on every meeting night this term, and there are sufficient applications in to keep the officers busy for the remainder of the term. What the encampment needs most is a good attendance of members. There is nothing that helps along lodge work so much as to have all the seats in the hall occupied. While the attendance has been fair, yet there is considerable room for improvement, and with the work being put on in a very creditable manner the officers would feel much encouraged if a goodly number of the members of the encampment would make an effort to be present at least once a month.

Grand Lodge Meeting.

The grand lodge of British Columbia will meet in this city on June 12. A capable committee has charge of the arrangements for entertaining the officers and delegates and the Odd Fellows of this city are looking forward to the meeting with considerable pleasure.

Colfax Rebekah Lodge, No. 1.

At the meeting of the lodge on Tuesday evening next several candidates will have the degree of Rebekah conferred upon them.

Fraternal Order of Eagles.

The regular weekly meeting of Victoria Aerie No. 17, Fraternal Order of Eagles, will be held in Eagles hall, government street, Wednesday evening at 8 p. m. As several candidates are in readiness, and the team under Captain Vandenberg is working with exceptional smoothness, a very good evening is assured all who attend. At a former meeting the following resolution was passed:

Whereas, the officers and members of Victoria Aerie No. 17, Fraternal Order of Eagles, being desirous of expressing their sympathy for the relatives and friends of the victims of the late Titanic disaster, and acknowledging the heroism of those men who so nobly and heroically sacrificed their own lives that wives, mothers and children might survive; there, be it

Resolved, that we take this opportunity of expressing our deepest sympathy for the grief-stricken friends and relatives of those who met their death in this unparalleled sea accident, and of acknowledging the courage, unselfishness and heroism of those who assisted in saving the lives of helpless women and children and died that others might live; and, be it further

Resolved, that a copy of this resolution be spread upon the minutes of this series and that a copy be forwarded to

the Victoria Daily Times for publication.

Court Northern Light, A. O. F.

Court Northern Light, A. O. F., held their regular meeting on Wednesday evening, when a large number of brigades through the impressive ceremonies of the mysteries of the oasis and sands. A large gathering of members of the temple and visitors were present and all were of the opinion that the degree team deserved great credit for the masterful manner in which the work was put on, there not being a hitch anywhere. After the tyros had been safely conducted across Kheeressan sands the members and newly-made votaries proceeded to the banquetting hall, where ample justice was done all the good things. The temple then adjourned to meet again on the first Monday in June.

Two delegates, B. J. C. Byrne and R. B. Price, journeyed to Nanaimo last Tuesday to talk Dookism to the Knights of Pythias in that town, with a view of putting on a ceremonial in that city at the time of the session of the grand lodge. Due notice of same will be received by all votaries.

L. O. O. M.

The regular monthly session of Victoria No. 73, Loyal Order of Moose, will be held next Tuesday at 8 p. m. in the lodge hall, Government street. As business of importance dealing with the discussion of by-laws is to be

routine of business was dispensed with, the Temple proceeded with their ceremonial during the course of which a large gathering of tyros were conducted by Mohanna and his band of brigades through the impressive ceremonies of the mysteries of the oasis and sands.

A large gathering of members of the temple and visitors were present and all were of the opinion that the degree team deserved great credit for the masterful manner in which the work was put on, there not being a hitch anywhere. After the tyros had been safely conducted across Kheeressan sands the members and newly-made votaries proceeded to the banquetting hall, where ample justice was done all the good things. The temple then adjourned to meet again on the first Monday in June.

L. O. O. M.

The regular monthly session of Victoria No. 73, Loyal Order of Moose, will be held next Tuesday at 8 p. m. in the lodge hall, Government street. As business of importance dealing with the discussion of by-laws is to be

brought up that evening a full attendance is requested.

L. O. L. No. 1419.

The Orange, Purple, Royal Blue and Royal Arch Purple degrees will be conferred on a great number of candidates at the regular meeting of Loyal Orange Lodge, 1610, on Monday, May 13 at the Foresters' hall on Broad street. An all night session is anticipated. A full attendance is requested. All visiting members will be cordially welcome.

Victoria Lodge No. 84, I. O. G. T.

The officers and members of this lodge fully sustained their reputation as social entertainers when last evening they received the other lodges of the city, at their new place of meeting, Friends' hall, Courtney street. The reception took the form of a social evening and house-warming, and a most enjoyable time was spent by those present. When all business of the lodge was suspended after 9 p. m., the enjoyment and entertainment of the guests were looked after the rest of the evening. Bro. E. Anderson, chief templar of Victoria Lodge No. 48, took the chair for the evening, the refreshments being in the able hands of Sisters Collier, Dick, Bailey, Olsen and Hird, to whom the success of the good time enjoyed is due. Songs and recitations were given in fine style by the

talented members of the lodges and were thoroughly appreciated and enjoyed. The grand chief templar, Bro. C. M. Tate, who was present, gave a short address and brought the meeting to a close in the usual form.

NOTICE.

Navigable Waters Protection Act. NOTICE is hereby given that the Victoria Phoenix Brewing Company, Limited, of Victoria, British Columbia, is applying to His Excellency the Governor-General of Canada in Council for approval of the area, plans, site and description of the works proposed to be constructed in West Bay, Victoria Harbor, Victoria, British Columbia, being land situated, lying and being in the City of Victoria aforesaid, and known and numbered and described as Lots One, Two, Three and Four, Block "1," of a Sub-division of Blocks Six and Eight, Viewfield, Esquimalt District, Registered Plan No. 32, and has deposited the area and site plans of the proposed works and descriptions thereof with the Minister of Public Works at Ottawa, and a duplicate thereof with the Registrar-General of Titles at the Land Registry Office at the City of Victoria, British Columbia, and that the matter will be proceeded with at the expiration of one month from the time of the first publication of this notice in the Canada Gazette.

Dated this 2nd day of May, 1912.

Among the Churches

THE OUTLOOK.

Annual Conference.—During the coming week the city will become the mecca for a large number of Methodist people. The occasion is the meeting of the twenty-sixth annual conference of the Methodist Church of British Columbia. It is six years since this body met in this city, since which time the personnel of the conference has been largely increased owing to the rapidly growing work undertaken by the church. The conference is composed of an equal number of laymen and ministers. The stationing committee will meet in its first session on Monday evening next, the ministerial session following on Wednesday morning. The full sessions of conference will convene on Thursday morning when the first business will be the election of its officers for the ensuing year. The retiring president is well known in this city, having been connected with the Victoria West and Metropolitan churches as well as being a regular contributor to this column. All sessions of the conference are open to the public, the evening sessions being especially arranged for their convenience. Such notables as Dr. A. Carman, Dr. Moore and Dr. Graham, are expected to be in attendance and take prominent parts in the proceedings.

Centenary.—May 5 to 7, saw the celebration of the founding 100 years ago of the renowned Princeton Theological Seminary. This seminary, together with Princeton University, had its beginning in a log house that stood on the early main road between Philadelphia and New York. President Harrison assisted in the centennial celebration of this "Log College," long since disappeared, and the present celebration is simply that of the action of the Presbyterian General Assembly in founding, in connection with Princeton, a distinct divinity school. Princeton Seminary, now quite distinct from Princeton University, is the principal conservative theological school of Presbyterians in the east. It is among the largest and best equipped in the world, and its record of able men graduated and giving their lives to Presbyterian and other Protestant churches is a long and honorable one.

METHODIST.
Metropolitan.

Successful Service.—The last communion and reception service which it will be the privilege of Rev. T. E. Helling to conduct as pastor of this church was held last Sabbath and was a pronounced success. Usually large numbers turned out to the extent to the great satisfaction of the pastor. At the morning service there was a reception given to about thirty new members.

Convention.—This church has been the scene during the earlier part of this week of the eleventh annual district convention of the Victoria District Sunday School Association. The convention opened with a monster parade of the adult Bible classes of the city. Several hundreds of people took part in this parade which was headed by the Salvation Army band. Rev. I. W. Whittemore, general secretary, took charge of each session and several local Sunday school devotees gave inspiring addresses upon the various topics of Sunday school work. Dr. McElfrish, superintendent of the International Sunday school association,

gave an address on the subject of "Teacher Training." The Sunday school, said Dr. McElfrish, was moving fast—many improvements had been made, and many more were coming. In the past five years it had made a wonderful advance and the work was now seriously considered in many of the theological seminaries throughout the States. It had been said of one seminary in St. Louis that its most popular features were the teaching of the English Bible and its Sunday training class.

They must remember that they had only about 100 hours in the year in which to teach the children; so they could see for themselves that they must have no waste. If they let the children go in their early years, asked the speaker, would they ever come back? In conclusion he urged them to make the Sunday school cost more, and to have skilled workers to do this work for God.

The meetings were greatly enhanced in attractiveness by the contributions of the male and female quartettes of the Metropolitan church who were duly recognized in the thanks of the convention. Among other important decisions of the convention were the following: "That the matter of forming a district league for athletics in connection with the Sunday schools be referred to the incoming executive; that the idea of a union picnic be also submitted for the favorable consideration of the same committee." Dr. W. Russell of this city will be the new president of the association.

Mother's Day.—In honor of the day set apart as "Mother's Day," special features will be introduced into the services of the church to-morrow. In the morning a sermon will be preached by the pastor appropriate to the occasion. In the evening service the Macdonald quartet party will give suitable musical renderings. The emblem of the day is a white flower, preferably a white carnation, which all the friends are asked to wear during the day.

Concert.—Under the auspices of the Epworth League, the Macdonald Quartet quartette, sometimes known as the Toronto Glee Club, will give a high class concert in the school room. Popular prices, together with the high reputation of the company ought to secure a very large audience. The party has had a very successful tour thus far through the Dominion being received heartily in every place in which they have performed. The concert will commence at 8 o'clock.

Centennial.

Anniversary.—The 27th Sunday school anniversary was held in very becoming fashion last Sabbath. The Rev. R. Newton Powell was the special preacher all day and did not fail to delight his audiences. The children took a very prominent part at each service, providing most of the music.

In the afternoon the children gathered in the auditorium of the church and carried out a programme which was of a very entertaining character of music, recitations, etc., while the pastor and Mr. Powell gave addresses suited to the youthful years and ears of the scholars.

Mother's Day.—The pastor's subjects for to-morrow in the morning, "Our Mothers," and in the evening, "The Three Essentials of a Happy Life." Special music will be rendered by the choir.

James Bay.

Special Preacher.—The pulpit was occupied last Sabbath evening by the

Rev. O. M. Sanford, of Kamloops. The service was much enjoyed by all and Mr. Sanford will ever be welcomed by the congregation of James Bay.

Anniversary.—Arrangements are all complete for the anniversary for the Sunday school and will be carried out to-morrow and Tuesday. To-morrow all day the pulpit will be occupied by the Rev. Mr. Dimmick, of Fernie. Mr. Dimmick has a fine reputation as a preacher and will no doubt draw large congregations to-morrow. The music all day will be furnished by the Sunday school choir and their orchestra. An open session of the school will be conducted in the afternoon when Dr. Dimmick will speak.

The celebrations will be continued on Tuesday evening when the adult and senior classes together with the teachers and officers will be banqueted.

This school enjoys the reputation of being the most progressive in the city and if the same vim is put into this anniversary as is expended on the ordinary exercises a record will be made.

PRESBYTERIAN.
First Church.

New Church.—A very well-attended and thoroughly enthusiastic meeting of the congregation was held on Tuesday evening for the purpose of considering the plans and specifications of the new church. Mr. Keith is the architect to whom the meeting entrusted the honor of modelling the new edifice and to whom is given the instructions to have the schoolroom portion of the building erected with all possible speed. The school will feel the benefit of more up-to-date quarters as the school is in very good shape numerically. The sessions are now held every Sabbath morning commencing at 9.45 o'clock, instead of the afternoon, and will continue at this hour all summer.

St. Andrew's.

Young People's Society.—The programme for the meeting on Monday evening will be a continuation of the study of the Immigration question.

Orchestral Concert.—The orchestra of the Sunday school is arranging to give a special performance in the schoolroom on the evening of Friday next. The orchestra will be under the leadership of Mr. Jesse Longfield ensuring a performance of merit and entertainment. There will be a number of Scotch songs, etc., but the feature of the evening will be the rendering of Romberg's famous "Toy-Symphony."

The choir of St. Andrew's church have consented to repeat the concert they gave a little while ago when they rendered with such satisfaction Mendelssohn's 12th Psalm, in the Centennial church, George road, when a full house is expected.

Successful Tea and Sale.—A most successful tea and sale of work was held by the Junior Christian Endeavor on Saturday afternoon, the function taking place in the lecture room of the church. There was a good attendance, and the various articles sold rapidly, the dainty afternoon tea being especially well patronized by the visitors, this being under the direction of Miss Mortimer assisted by a number of younger girls, Misses Margaret Wood, Jennie Dill, Beth Simpson, Mildred Robertson, Ella Jackson, Jean Martin, Eleanor McKinnon, Ethel Allan, Jennie Dill, Edith Macleod, and Margaret Eastman. Both the candy stall and the flower stall were very prettily decorated, the former doing a good business under the direction of Miss Freda Polson, assisted by the Misses Freda Small, Ruth Gollup and Mary Estelle. The flower stall was in charge of Miss Catherine Jackson and Miss Rebecca Robertson, assisted by four smaller girls, the Misses Jean Small, Margaret Martin, Elma Matthews, and Roberta Dill. The sale, organized by the president, Miss Belle Polson, and the officers of the Junior Christian Endeavor, proved very successful, and the proceeds are to be devoted to this organization and the mission fund.

Knox Church.

Anniversary Social.—The establishment of the church found suitable commemoration in an anniversary social which was held in the church last Thursday night. A number of short speeches were made recognizing the worth of the various individuals who manage the different branches of the church's work. A short programme was rendered and refreshments served bringing a most delightful evening to a close.

The pastor exchanged pulpits with the Rev. Mr. McConnell, of Oak Bay, last Sabbath.

The Ladies' Aid met in their regular meeting last Tuesday and transacted a good deal of routine business.

St. Columba.

Concert.—The members of the Ladies' Aid Society announce their intention of holding an "at home" in the church on Wednesday evening next when a programme of music and refreshments will be observed.

St. Paul's.

Women's Missionary Society.—A very successful event of a social nature was carried out by the ladies of the Women's Missionary Auxiliary on Wednesday evening when a number of ladies participated on the proceedings. Mrs. Gordon read a paper which was very much enjoyed. Refreshments were served at the close.

CONGREGATIONAL.

Young People's Society.—What promises to be a very novel and entertaining affair is to be conducted on Monday evening under the auspices of the Young People's Society in the shape of a "Country Fair." A number of booths will be in evidence at which useful and fancy articles can be purchased including refreshments. A programme of merit will also be given in which the following numbers figure: Piano duet by Mr. and Miss Davies; vocal solo by Miss Scofield and F. J. Serris; recitation by Mrs. H. Roberts; instrumental solo by A. Bennett, and a number by the ladies' quartette.

Building Committee.—A meeting of this committee is called for the consideration of business which is of more than ordinary importance, on Tuesday, according to the board room of the church, and in of such a nature as to demand a full attendance of every member.

Mother's Day.—Each service to-morrow will have some reference to the recognition of Mothers' Day. Special floral and musical features will be introduced and the pastor will preach appropriately. The Boy Scouts and the Girl Guides will attend the morning service and a special effort is being made to make the services thoroughly representative of the movement to recognize the worth of the mothers of the nation. The pastor's subject in the morning will be "A Mother's Sphere of Influence," and in the evening an address on the subject as related to young people will be delivered. In the effort to make the day a great success the pastor has sent the following circular letter to a number of homes:

Dear Friend:—I beg to take this opportunity of reminding you of the fact that the morning service of the above church on May 12 will be in the honor of "Our Mothers." Special singing by the choir and special sermon by the pastor. You are cordially invited to be present and to co-operate as you are able in making this service enjoyable and successful. If a conveyance would make it possible for you to attend don't fail to notify me on Saturday, Tel. 2160. Where there are small children bring them by all means, and if necessary that they should be cared for the young ladies of the church will cheerfully give the necessary attention in adjoining rooms. Should you care to send flowers for decorations leave them at the church on Saturday. Hoping that this may be a happy and useful service, I remain, sincerely yours,

HERMAN H. CARSON.

The evening service will be in honor of "Our Fathers and Brothers," with a special sermon for men.

BAPTIST.
First Church.

Visiting Preacher.—The B. C. superintendent of missions, Rev. H. G. Estabrook, B. A., will preach in First Church to-morrow morning and evening.

Prayer Meeting.—Last Thursday the prayer service of the church was conducted by the Men's Baraca Bible class. The topic for next Thursday will be "The Wanderer's Cry," Psalm 51.

Baracas and Philatheas.—The men's Baraca and ladies' Philatheas classes will meet immediately after the morning church service, commencing to-morrow. Young men and women are cordially invited to spend a profitable hour of study and discussion under the leadership of H. M. Underhill, and Mrs. C. Spafford, the class teachers.

Young People's Meeting.—The regular meeting of the young people will be held on Monday night at 8 o'clock. The topic on the card will be "The Value of Initiative."

Emmanuel.

Sunday Services.—Rev. Wm. Stevenson will preach in the morning on "God and the Burden of Life," and in the evening on "The Inconsistencies of Christians." How We Ought to Regard Them." At the men's class in the afternoon at 2.30 the pastor will take up the subject of "Miracles and Nature's Forces."

The Choir.—On Tuesday evening the choir journeyed in autos to Saanich, where they repeated the concert which they gave recently at the Emmanuel church. The Saanich people who listened to the concert which was held in the new temperance hall were greatly delighted. Rev. E. T. Tapscott, who is temporarily in charge of the Baptist cause at Saanich, presided at the concert, and expressed the hearty appreciation of himself and friends at the treat given them that night. The

Tired? So very tired this Spring?
Then quiet and refresh your nerves with

Abbey's Effervescent Salt

25c and 60c bottle. Sold everywhere.

members of the choir very much enjoyed the outing.

Young People.—An important address will be given by the pastor at the Young People's Society on Monday, 13th, on "The Baptists in Relation to the Introduction of Religious Instruction in the Public Schools." As this question is at present agitating a section of the community, and is likely to come before the public soon, Baptists are specially invited to hear this address. The meeting is open to the public.

LUTHERAN.
Grace Church.

Reception to Superintendent.—The Rev. Luther Hogshead, assistant superintendent of missions for the general council and superintendent for the Western section, was accorded a reception at Grace Lutheran church Wednesday evening by the members of the congregation. The chair was taken by Rev. W. C. Drabhn, and a delightful programme of tableaux and songs was provided. Among those who assisted in this were J. H. Griffiths, Mrs. Sidney Thompson, Mrs. Barlow, who gave a pianoforte solo; Miss Myrdal and S. Thompson, who gave an organ and piano duet; and Mrs. Westcott. One of the features of the evening was the address given by the guest of honor on the subject of mission work, the speaker giving a rousing and encouraging talk on the field of work which lay before the mission workers of the Lutheran church in Victoria, and reflecting optimistically on the splendid result which the workers had demonstrated in the past. The greatest credit for the successful nature of the reception is due to the organizers, Mesdames Mead, Murray, Keen, and McInougaill.

WORK FOR UNEMPLOYED.

Switzerland's methods of caring for the unemployed are described by R. E. Mansfield, Consul-General at Zurich, in a recent issue of the Consular and Trade Reports. "The Swiss," he says, "act upon a theory that a man who is unemployed is, left to himself, prone to become thenceforward. The purpose is to assist the unemployed to secure work, not only for the sake of the individual, but also in the interests of the state. No toleration is shown to the loafer, begging is prohibited by law, and vagrancy is classified as a crime." If the individual does not make a serious effort to find work, it is found for him. Once he has been given an opportunity to earn his living, he is compelled to take advantage of it, with the alternative of going to the workhouse, where military discipline is enforced. A fund is maintained by each canton, out of which the needy unemployed are assisted. In some cities, notably Bern, Basel, and Geneva, the government subsidizes associations, union or otherwise, which have employment insurance funds. In all benefits of this kind unemployment caused by strikes or lockouts resulting from strikes is not recognized. In March, 1910, municipal employment

A VITAL BOOK
by
FRANK CRANE
(Author of "Human Confessions")**Business and Kingdom Come**

If you want to keep in line with the best Twentieth Century commercial methods and ideals, read this live book. It will increase your fortune and happiness—stimulate and inspire you to the doing of big things. The vigorous style and sane common sense of the popular author of "Human Confessions" are sufficient promise of what the book contains.

The Latest Thing in Stoves

For a midnight supper, as for any other meal at any other time, the very latest thing in stoves—the best that stove-artists can do—is a

New Perfection Oil Cook-stove

It concentrates the heat when you want it and where you want it. It is as quick as gas, steadier and handier than coal, cheaper than electricity.

The New Perfection Stove has long, extended, iron-belted chimneys. It is handsomely finished in nickel, with cabinet top, deep shelves, towel racks, etc. Made with 1, 2 or 3 burners.

All dealers carry the New Perfection Stove. Free Cook Book with every stove. Cook Book also gives to anyone sending 5 cents to cover mailing cost.

THE IMPERIAL OIL COMPANY, Limited

agencies, which had been established in several Swiss cities as early as 1860, were united into a national organization, subsidized by the Federal government to the extent of one-third of the sum expended in maintenance. Their wide usefulness as a clearing house for the work market may be seen from the fact that in 1910 the 12 cities of Aarau, Basel, Bern, Bienne, Fribourg, Geneva, Lausanne, Neuchâtel, Schaffhausen, St. Gall, Winterthur, and Zurich filled 46,520 positions out of 68,917 offered. Swiss methods as Consul Mansfield says, are "worthy of emulation by countries where the question constitutes a more serious problem than in the Confederation."

For Sale**VERY DESIRABLE WHOLESALE SITES**

The whole of the Reid Estate comprising three City lots, all built on, as follows:

One waterfront lot with wharf on cement piles and warehouse, rented, at foot of Yates Street.

KINGSTON PENITENTIARY.

Ottawa, May 11.—The investigation into conditions at the Kingston penitentiary, as the result of the recent escape of the Manitoba convicts, was concluded yesterday and the report will be submitted to the minister of justice next week.

It is, however, practically certain that Dr. Platt, the warden of the penitentiary, will soon be superannuated. Deputy Warden O'Leary will also, it is said, be retired.

Strong pressure is being brought upon the Government to appoint John Hughes, the present chief clerk and accountant of the penitentiary, as the new warden.

HOTEL VISITOR IS HURT IN ELEVATOR

J. G. Shearer, of Coquitlam, Sustained Fractured Spine Last Night

J. G. Shearer, of Coquitlam, who was visiting here for the purpose of witnessing the football game this afternoon between the Victoria West and Coquitlam teams, was very seriously injured last night about 11 o'clock by being crushed in the elevator at the Dominion hotel. He was taken to the Royal Jubilee hospital after two doctors had been called by the management of the hotel, and an X-ray examination disclosed the fact that he had suffered a fracture of the spine. The doctors did not entertain much hope of his recovery last night.

The accident happened as Mr. and Mrs. Shearer and others were ascending to the floor on which the former's room was located.

The elevator which they entered has two doors, one by which entrance is gained from the hotel vestibule and the other by which passengers leave the elevator at the floors above. Mr. Shearer, and those with him, entered the elevator, and mistaking the wall of the shaft for the side of the elevator he leaned against it. When the machine began to move his shoulders got jammed between a window in the elevator shaft and the elevator frame, fracturing his spine.

Everything possible for the injured man was done by the management of the hotel. Drs. George Hall and Robertson were called, and by the time they arrived Mr. Shearer had been carried by the night clerk and two of the hotel guests to one of the rooms. He was then ordered to the hospital.

Those who were in the elevator at the time say the elevator boy acted promptly in bringing the machine to a stop, lowering it and assisting in extricating Mr. Shearer.

At 2 o'clock today the hospital reported that Mr. Shearer's condition was unchanged.

MR. KEEFER'S ILLNESS.
Operation will Be Performed Here—Suffers From Stroke of Paralysis.

George A. Keefer, Dominion department of public works engineer, who suffered a paralytic stroke at the Russell hotel, New Westminster, yesterday, was brought over on the boat today for an operation, his condition not having changed since the stroke. Mrs. Keefer went over from this city immediately upon receiving the news.

MISS A. D. CAMERON ILL AT HOSPITAL

Underwent Operation for Appendicitis at St. Joseph's on Thursday

The public of Victoria will regret to learn that Miss Agnes Deans Cameron had to undergo an operation for appendicitis at St. Joseph's Hospital on Thursday night.

Miss Cameron had been feeling unwell for some days, but thought the indisposition was of a temporary nature. Becoming worse, she consulted a physician, who diagnosed her ailment as appendicitis and ordered her removal to the hospital.

Inquiry at noon today elicited the information that Miss Cameron was doing as well as could be expected.

PERMIT ISSUED FOR METROPOLIS BLOCK

Large \$175,000 Structure to Be Erected on Yates Street Near Douglas

The building permit for the big J. Keith Wilson block on Yates street, between the Clarence hotel and the new Chalmers-Mitchell block was taken out yesterday. The value of the permit is \$175,000, which ranks as the third largest this year, the amount being only surpassed by the parliament buildings extension, one million dollars, and the Belmont, Ltd., block, amounting to \$400,000. The Union Bank, however, was also of the same amount, namely \$175,000.

This building will be known as the Metropolis, and will be constructed from the designs of G. C. Mesher & Co., and will contain 210 rooms, being situated on Yates street in one of the most commanding positions.

It will be substantially built of brick, concrete and steel.

TRAGIC END OF VISIT.
Sherwood Gillespy Expires at St. Joseph's Hospital After Serious Operation.

As briefly announced in yesterday's Times the death occurred at St. Joseph's hospital of Sherwood Gillespy, of Seattle, after an illness of little more than three days. Mr. Gillespy arrived in the city last Sunday in order to take part in the golf tournament which opened on Tuesday last. At that time he appeared to be in the most robust health, playing his initial

on Monday last in apparently usual good spirits. Later, however, he was seized with weakness, and on advice of his physician was removed to St. Joseph's hospital suffering from an acute attack of appendicitis. An operation was advised, and this was performed by Dr. Jones on Wednesday night, the patient going bravely through the ordeal. Yesterday, however, at 1:45 p.m., he passed away, the grievous outcome of his illness casting an immediate gloom on his friends who had accompanied him here from Seattle, as well as on those who knew him here.

The family, all of whom had accompanied Mr. Gillespy to the city to share in the sport and the pleasures of the holiday, returned to Seattle yesterday. Sincere sympathy is felt for them in their sudden bereavement, not only by the more intimate friends of the family, but by all who, either as colleagues or opponents, played with Mr. Gillespy during the early part of the week.

Mr. Gillespy, who had been in the insurance business most of his life, has been a resident in Seattle for the last sixteen years, coming originally from New York. At the time of his death he was agent of the Mutual Life Insurance Company, New York.

The remains were removed to the Undertaking Parlors of the B. C. Funeral Company, where they were embalmed, the body being shipped to Seattle this afternoon for interment there.

PROGRESS OF THE FIFTH.
Regiment Rapidly Gaining Recruits—Sergt. Richardson Honored.

The campaign for recruits is progressing splendidly, no less than sixteen having been enrolled this week. This brings the strength of the regiment up to 320 or more. When it is considered that the greatest number that ever attended a camp was 280 and that number in the year of the South African war, the public will realize how hard the members of the regiment are working in order to get the Fifth to its full strength. A strong appeal is made to the citizens of Victoria to lend a hand. Everyone who listened to the marches played by the Fifth Regiment band on the march out last night must have realized what a splendid musical organization this band is. The regiment and the citizens of Victoria have every reason to be proud of the band.

After the regiment had returned to the drill hall last evening, Lieut.-Col. Currie presented Staff-Sergeant Richardson with the long service medal. The colonel spoke of the pleasure it gave him to present a good conduct medal to any member of the Fifth, and recalled the fact that the regiment had a good proportion of long service men. Yet he ventured to say that none of those who wore the medal had brought more credit to the regiment than last evening's recipient, who had kept the good name of the Fifth to the front in all places where rifle shots competed. Staff-Sergeant Richardson has been for years and still is one of the crack

shots of Canada. He, with Sergeant-Major Macdougall, are members of this year's Blislev team.

HINCKS WINS THE GOLF CHAMPIONSHIP

Tacoma Professional Seeking to Lower Record of Course

In the final of the men's championship Hincks at 1:45 was four up at the 15th hole. In the men's approach competition H. Horton had the best average.

Barnes, the Tacoma professional, has attempted to do the 72 holes in 200 or under for a wager, and at the first is one above his average.

Later.—The Northwestern golf championship was won this afternoon by R. N. Hincks from J. Arbuckle by 2 up at the 36th hole.

The Tacoma professional this afternoon won his wager that he would go round 72 holes in 300.

EMPRESS OF INDIA

CROSSES THE PACIFIC

White Liner Reaches Outer Docks About 2 o'Clock This Afternoon

R. M. S. Empress of India, E. Beckett, R. N. R., commander, reached port early this afternoon after a good weather trip from the Orient, bringing mails and full cargo of silk, rice and Oriental products from the west for Eastern Canadian and United States points. There were 55 saloon passengers from the Orient on board, and a large number in the second cabin.

The Empress of India made a fast trip, being some hours ahead of her scheduled time, and experiencing good weather for almost the whole of the journey across the Pacific. For two days out she encountered the usual squally weather that prevails on the Japanese coast at this time of year, but thereafter the voyage was most enjoyable and pleasant.

Among the passengers travelling in the saloon was Count De Carnieres, who is making a tour of the world here, and has been travelling extensively in India and the Orient. Lady Salverson, the wife of Lord Salverson, a judge of the Scottish courts, and her son, E. Salverson, were among the saloon passengers. They have been making an extended stay in the Orient, and are now en route to their home in Scotland, but will make a short stay in Eastern Canada.

After a short stay at the outer wharf to deliver the mails for Victoria, the Empress of India left this afternoon for Vancouver to discharge her freight for the east.

OBITUARY RECORD

The funeral of the late Mrs. Henley took place yesterday afternoon at 2:30 from the B. C. Funeral Parlors, Rev. T. W. Gladstone officiating. There was a large attendance of friends of the deceased woman and many beautiful floral tributes covered the bier. The pallbearers were: Messrs. H. J. Stevenson, A. Piffeld, J. Cox, C. Hoskins, W. Duncan and G. Andrews.

The funeral of the late Mrs. Myrdal, whose death occurred yesterday, will take place on Monday afternoon at 2:30 from the Hanna-Thomson parlors, Rev. W. C. Drann officiating.

ROOSEVELT'S DENIAL.

London, May 11.—The Evening News to-night has a special cable from Col. Roosevelt denying the slightest thought of annexation, although he welcomed reciprocity as marking a signal advance in the building about of closer and most friendly relations between Canada and the United States.

You can't beat our Men's Suits for style, value and fit. Prices are always moderate. J. N. Harvey, Ltd., 614 Yates Street.

There is no drink more pleasing or delicious—no drink more invigorating or beneficial than a cup of Chocolate properly made.

Make a cup of Chocolate this way, and you will make the finest drink for morning, noon or night—that can be drunk.

The Proper Way to Prepare Ground Chocolate

One cup milk, for each person, heated in double boiler. In a cup or bowl mix one tablespoonful ground chocolate for each person, with sufficient cold milk to make a thick liquid; add this to the hot milk. Lift top boiler out and boil up once. Stir well when serving—add sugar if desired.

To secure the best results, be sure you get the cocoa that is the product of the West—made by a firm who for over 60 years has been making Cocoa products—

LABORERS' UNION AND WATERWORKS

SUGGEST AMENDMENT OF PRESENT CONTRACT

Why Sewer Pumps Get Out of Repair—Works Department Expenditure

Little was said of Sooke Lake water-works last evening at the city council meeting, but the authorities cannot assemble now without some reference to this important subject. The question was introduced in a letter from the secretary of the Laborers' Protective Union, who asked first that the contract should be abandoned in place of day labor, and secondly, that the contract before re-letting should be amended in some important particulars so far as the interests of the workers were concerned.

The letter had been written prior to the issue of the negotiations on Wednesday and so cannot be dealt with at present, but Water Commissioner Baymur said the labor clauses in the contract had been adopted after consultation with the representatives of the Trades and Labor Council.

The council also approved the arrangement, adopted by consent, on the percentage of owners' demand to be paid for Sooke lake waterfrontage, on the basis of 50 per cent for women and 75 per cent for men.

Sewer Matters.

The return of Alderman Humber to the deliberations of the council was again signified by his usual breezy comment on men and things. He came into the limelight through a report which contained recommendations to divide the appropriation for sewers as follows: Sewer lost to carry out contract with Oak Bay, \$70,000; northeast sewer, \$67,475; northwest, \$47,000; main sewer, \$15,000; and \$30,000 for St. Charles street surface drain.

The mayor said the appropriation of the remainder of the sewer vote had been made to avoid the repetition of last year's result, through which all the money for sewer purposes was spent on some works and the balance of the city had nothing.

Alderman Cuthbert thought in making their appropriations they were not leaving a large enough balance for purposes which might develop.

Alderman Humber took objection on the ground that the new air compressors were being used for local improvement work, whereas they were purchased for sewer purposes, and for them only.

Some of the aldermen venturing to suggest that the sewers committee should use the compressors when they were not required for rock work. Alderman Humber said he was chairman of the committee and intended to see that no other department made use of them.

A suggestion from the comptroller that as they had been charged to plant account, each committee should have the use of the compressors at a rental, did not meet the wishes of the protesting aldermen, who again rose to explain an item of two pumps for sewer work.

Alderman Porter had learnt that the pumps supplied by Hutchison Brothers were not satisfactory in the past, and opposed ordering these two new pumps from that firm.

This remark started Alderman Humber with an explanation of the cheerful ways of the pump inspection in the city. It appeared that the Victoria West pump was forgotten, naturally got out of repair, and yet was stated to be in good order by the inspector while parts were at Hutchison Brothers being repaired.

Aldermen were not above observing that the inspector should be required to secure another job, and on Alderman Baker desiring to know where Alderman Humber got so much information about the sewers, the latter briefly and pitifully ejaculated: "What do you know about pumps anyway?" The council, however, decided to buy the pumps.

The Victoria Machinery Depot was awarded the contract for supplying the steel for the reinforcing of the concrete on the Gorge road bridge, the tender being \$2,965. The other tenders were: Hutchison Brothers, \$3,014, and the Marine Iron Works, \$5,480. The city solicitor was instructed to prepare a contract.

The city engineer supplied a statement showing that since he took office in May, 1910, the sum of \$4,488,236 was expended, made up of \$972,106 in 1910, \$5,503,012 in 1911, and \$1,213,117 in the first four months of the year. The communication was received and filed. The whole of these sums had been spent, he pointed out, under his direct supervision.

G. E. Roberts, who has complained of the delay on the boulevarding of Bur-

dette avenue, will be informed that the delay is due to negotiations between the city and trustees of the cathedral estate, whose property encroached on the street line, both in the church building and Bishopscote.

The city solicitor said a conference had been arranged for Friday between representatives of the city and the cathedral trustees to come to some arrangement.

Sanitary Inspector T. Lancaster has reported on J. D. Forrest's complaint with reference to a swamp now being filled in on Hulton street, declaring there was nothing offensive in the matter in use and he would prosecute the filling as much as possible.

It was resolved to meet the owners of buildings recently condemned next Friday evening before the streets committee meeting, prior to ordering the destruction of the old properties.

IDEAS OF A PLAIN MAN

BY DR. FRANK CRANE

Because I say that "yonder man's head is a poor one it does not follow that I want to knock it off."

Because I say that woman does not deserve to have children it does not follow that I wish to drown them.

Because I say that inheritance is the fundamental injustice it does not follow that I wish to confiscate the property your father left you.

Because I say that the triumph of love and the end of altruism means the abolition of law it does not follow that I am the kind of anarchist that throws bombs at czars.

Because I say that this man ought not to have married that woman is no proof that I would like to take her away from him.

Because I criticize marriage does not imply that I believe in free love.

Because I pick friendly flaws with the Church does not mean that I am opposed to religion.

Spare me conclusions, logical inferences, and legitimate consequences. Let me have an opinion that is not necessarily a part of some system, thoughts that belong to no philosophy, and reveries that are of no ritual.

Let me be a socialist to-day if I feel that way, an aristocrat to-morrow, and a democrat on Tuesdays.

Let me sit awhile in your creed, just to visit and to warm my hands at the hearth of your credence.

Give me a lodging for the night in your system of philosophy.

To-morrow I will fare forth, blessing your house, along my own way, the broad highway of Lumanity.

TRADES UNION EXPERIMENT.

The interesting experiment of a trade union factory is being tried by the Australian Saddlery Employees' Association, New South Wales branch.

Listless, Backward Children

Made Bright and Active
 by Dr. Morse's Indian Root Pills

Many a growing boy or girl is set down as constitutionally slow, stupid or lazy when it is really a question of inactive bowels, lazy liver or sluggish kidneys.

The growing child, with a hearty appetite, certainly cannot long remain healthy and bright if the bowels of the body, the bowels and the kidneys, are choked up with impurities that should be thrown off promptly.

The muddy complexion, dragging limbs and dislike for mental or physical effort show plainly that the child needs Dr. Morse's Indian Root Pills to stir up the liver and kidneys and regulate the bowels. Dr. Morse's Indian Root Pills do this most effectively, cleansing the whole system, purifying the blood, aiding the digestion and giving plenty of life and activity. As upon the education obtained may depend the success in life of your boy or girl—see to it that the general health of the child is such that study is pleasure and not a hardship.

Made from roots and herbs by W. H. Comstock Co., Ltd., at Brockville, and sold by all dealers at 25c. a box.

MOROCCAN WAR WILL BE LONG DRAWN OUT

Country Will Not Become French Protectorate Without Much Bloodshed

Paris, May 11.—The disturbed situation in Morocco is causing fears here that that country will not be made a French protectorate without a long campaign and much shedding of blood. Reports from southern Morocco show that the tribes there are openly hostile to the French. It is now officially known that during the recent fighting at El Maazis, where a French detachment engaged in reconnoitering was attacked by Moors, the French troops lost 17 killed and 27 wounded, many of them dangerously.

Considerable anxiety is shown as to the attitude of the Sultan himself. One minute he declares that it is his intention to abdicate, and the next he says he wants to go to Rabat and thence to France. Eugene Regnault, the French minister, is planning to accompany the Sultan to Rabat, but he hesitates to leave Fez, as a large force of hostile Moors is encamped near the capital. General Lyautey, the newly-appointed governor, is hastening his plans to go to Morocco, where he will take supreme command, and additional warships have been ordered to cruise along the coast.

A prominent French general is quoted as expressing the belief that twelve years will be required to subdue Morocco. Premier Poincaré, Minister of War Millerand, and General Lyautey held a long conference on the situation in Morocco, and at its conclusion Premier Poincaré telegraphed to Regnault to try and induce the Sultan to remain at Fez for the present.

HAVE NARROW ESCAPE

Everett, Wash., May 11.—Clinging to a log and battling for her life for half an hour in the Snohomish river, Julia Vesta, a high school student of Snohomish, was rescued by a farmer. Alta Holmes, also a high school student, was thrown into the river when the log on which Miss Vesta and she were standing was carried out by the current and five high school boys had a struggle in rescuing her. When they reached shore two of the boys and Miss Holmes were exhausted.

STRIKE CALLED OFF

Everett, Wash., May 11.—The I. W. W. headquarters are closed at Snohomish and the manager has departed. He stated that he had received word from Seattle that the I. W. W. strike had been called off. The I. W. W. movement in Snohomish county died from neglect.

ASSOCIATION MAKES GOOD SHOWING

Reports on Six Months' Work
Submitted at New Westminster
Y. M. C. A. Meeting

New Westminster, May 11.—At the first annual meeting of the members of the New Westminster Y. M. C. A. the report of the past six months' work was presented, together with the financial statements. The revenue account made a very satisfactory showing, the institution having already nearly placed itself on a self-sustaining basis. The receipts for April, for instance, were but \$73.12 short of the expenses, on maintenance account since the opening last fall was in the vicinity of \$6,500. The building fund account is not in such a satisfactory state, some \$11,000 of the original amount of subscriptions promised, viz: \$46,000, being still unpaid, and this sum, together with the cost of furnishing and equipping the building is being carried by the directors who are naturally anxious to see the arrears paid up to afford them relief from this heavy financial burden.

The statistical report presented by General Secretary Anderson showed a membership of 507 young men and boys; that 26 men's Sunday afternoon services had been held with an average attendance of 65 at each. Physical Director Sovereign's report showed a total enrolment in the gymnasium of 208 with 40 classes held, attended by 7,747 members; 70 had been taught to swim and life-saving, first aid and other classes formed in addition to the regular work. Of the 25 basketball matches played by Y. M. C. A. teams only eight were lost, the boys proving victorious in the remaining 17.

In connection with this department the meeting recommended the directors to endeavor to secure a special boys' department secretary before next fall to take charge of the boys' work generally, the enrolment of juniors being exceptionally strong; it is also probable that the bowling alley will be installed and in operation by the end of the summer.

Principal McMillan, of the High School, highly commended the work of the association among the High and Public school boys, praising the Y. M. C. A. officials for the tact and care they exercised in handling the boys.

INJURED IN RUNAWAY.

Penticton, May 11.—A runaway horse was responsible for a serious accident to Mrs. Keddie and her daughter. The animal bolted down a hill and, turning the corner at some speed, overturned the rig. The occupants were thrown out, and Mrs. Keddie's head striking the roots of a tree, she was rendered unconscious. Miss Keddie was badly shaken, but otherwise was not seriously hurt. Both are progressing favorably.

POLICE CHIEF RESIGNS.

Resignation of J. Crossan Accepted
by Nanaimo Commissioners.

Nanaimo, May 11.—The board of police commissioners met in special session for the purpose of considering the resignation of Chief James Crossan, which was submitted in the form of the following communication:

"Gentlemen:—I herewith submit to you my resignation as chief of police of the city of Nanaimo. After having served the city for many years, I feel the time has come when I should retire. I had concluded to take this course some two months ago later on in the year, but I feel I am doing what I think is right. I feel sorry to have given you such short notice, but I hope you will excuse me and expect my resignation to take effect at once if you have no objection."

Commissioner Leicester moved, seconded by Commissioner Busby, the communication be received and filed and the resignation accepted. Chairman Shaw declared the motion carried.

Chairman Shaw informed the commissioners when Chief Crossan had been in his resignation he had appointed Constable Neen chief pro tem. The mayor's action was endorsed.

It was decided to call for applications for the position of chief of police at a salary of \$125 a month, applications to be in by May 25.

CAMP FOR CADETS.

Nelson, May 11.—Steps are being taken toward the establishment near Nelson this summer of a cadet corps training camp on the plan outlined by Col. Sam Hughes, minister of militia. The camp will last about one week and the cadets will be transported, fed, camped and in part uniformed. All boys between 12 and 16 years of age are eligible, whether students of the schools or not. The camp will be held during the latter part of July or the beginning of August. The boys will be taught drills, callisthenics and rifle shooting, for which the rifles and ammunition will be furnished by the government.

WOMEN ON POLICE FORCE.

Vancouver, May 11.—At a meeting of the police commissioners Chief Chamberlin was authorized to appoint two women with full constabulary powers, with the same salary as is given to policemen. It is probable that within a week the new officers will be appointed.

Municipal Notice

The Municipal Council of the Corporation of the City of Victoria hereby determines that it is desirable:

1. To extend Chapman Street from Linden Avenue easterly to Howe Street, making the extension of Chapman Street a uniform width from Linden Avenue to Howe Street of 66 feet, and to expropriate sufficient land off the north part of Lot 28, and the southern portion of Lot 29, of Block 25, Fairfield Estate, for this purpose.
2. To extend Vancouver Street northerly from Pando Avenue to Pembroke Street,

and to expropriate a strip of land 66 feet in width for this purpose.

And that all of said works shall be carried out in accordance with the provisions of the Local Improvement General By-Law, and amendments thereto, and the City Engineer and City Assessor having reported to the Council, in accordance with the provisions of Section 4 of this by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said work, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within fifteen days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER,
City Clerk's Office, May 7th, 1912.

CIVIC IMPROVEMENTS

The Municipal Council of the Corporation of the City of Victoria having determined:

1. To grade, drain and pave with an asphaltic pavement Yerge Terrace, from Craigflower Road to Selkirk Water, and construct permanent sidewalks of concrete on both sides of said Terrace, with curbs and gutters, and lay lateral connections to sewers, surface drains and water mains, and remove poles, if necessary;
2. To construct boulevards on both sides of Cedar Hill Road (including maintenance);
3. To grade, drain and pave with an asphaltic pavement Esplanade Street, from Blanche Street to Quadra Street, with curbs and gutters, and lay lateral connections to sewers, surface drains and water mains, and remove poles, if necessary;
4. To grade, drain and pave with an asphaltic pavement Hillside Avenue, from Cedar Hill Road to Ruby Street, and construct permanent sidewalks, curbs and gutters on both sides of said Avenue, also lateral connections to sewers, surface drains and water mains, and remove poles, if necessary;
5. To grade, drain and pave with an asphaltic pavement Grant Street, from Cedar Hill Road to Ruby Street, and construct permanent sidewalks, curbs and gutters on both sides of said Avenue, also lateral connections to sewers, surface drains and water mains, and remove poles, if necessary;
6. To grade, drain and pave with an asphaltic pavement Grant Street, from Cedar Hill Road to Ruby Street, and construct permanent sidewalks, curbs and gutters on both sides of said Avenue, also lateral connections to sewers, surface drains and water mains, and remove poles, if necessary;
7. To grade, drain and pave with an asphaltic pavement Bank Street, from Oak Bay Avenue to Cowan Avenue, and construct permanent sidewalks of concrete, with curbs and gutters, on both sides of said street, also lateral connections to sewers, surface drains and water mains, and remove poles, if necessary;
8. To construct boulevards on both sides of Bank Street, between Oak Bay Avenue and Cowan Avenue (including maintenance);
9. To grade, drain and pave with an asphaltic pavement Phoenix Place, and construct gutters on both sides of said place, also lateral connections to sewers, surface drains and water mains, and remove poles, if necessary;
10. That all of said works shall be carried out in accordance with the provisions of the Local Improvement General By-Law, and amendments thereto, and the City Engineer and City Assessor having reported to the Council, in accordance with the provisions of Section 4 of this by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said work, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within fifteen days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER,
City Clerk's Office, May 7th, 1912.

visions of the Local Improvement General By-Law, and amendments thereto, and the City Engineer and City Assessor having reported to the Council, in accordance with the provisions of Section 4 of this by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said work, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

P. O. Box 625, Victoria, B. C.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER OF THE "QUIETING TITLES ACT" AND IN THE MATTER OF THE APPLICATION OF DANIEL MCCALLUM FOR A DECLARATION AS TO THE VALIDITY OF HIS TITLE TO PARTS OF LOTS 84 AND 85 IN BLOCK 7, HILLSIDE EXTENSION OF THE WORK ESTATE, VICTORIA CITY.

NOTICE IS HEREBY GIVEN that, pursuant to the order of the Honorable Mr. Justice Clement, dated the 13th day of March, 1912, appointing a Referee to ascertain the validity of the title of Daniel McCallum to all those pieces or parcels of lands and premises situate, lying and being in the City of Victoria, in the Province of British Columbia, and being composed of parts of Lots 84 and 85, in Block 7, as shown on a map or plan of the Hillside Extension of the Work Estate deposited in the Land Registry Office at the said City of Victoria, and there numbered 132, the said parts of the said Lots being described as follows: Commencing at the southeast corner of said Lot 84, being the southeast corner of King's Road and Second Street; thence in an easterly direction following the southerly limit of King's Road a distance of 68 feet; thence in a southerly direction parallel to Second Street a distance of 100 feet to the southerly boundary of said Lot 85; thence in a westerly direction following the southerly boundary of said Lot 85 a distance of 68 feet to the easterly limit of Second Street; thence in a northerly direction following the easterly boundary of said Lot 85 to the place of commencement, the said Referee requires any person having or pretending to have any title or interest in the above described lands and premises to file with the District Registrar of the Supreme Court of British Columbia, at the said City of Victoria, a statement of such person's claim properly verified, pursuant to the "Quieting Titles Act," at or before 1 o'clock in the afternoon of the 10th day of June, 1912.

AND NOTICE IS HEREBY FURTHER GIVEN that an application has been made by the said Daniel McCallum to have his title to the said lands and premises ascertained and declared by the Supreme Court of British Columbia, and that in default of any such claim being made and filed as aforesaid, a declaration of title will be granted by the Supreme Court of British Columbia declaring the said Daniel McCallum to be the legal and beneficial owner in fee simple of the said lands, and premises, subject to certain encumbrances created by the said Daniel McCallum in favor of K. J. Lee Dye and Lee Kow, and subject to the reservations mentioned in Section 23 of the said Act, but free from all other rights, interests, claims and demands whatsoever.

Dated the 7th day of May, 1912.

C. F. DAVIE,
Solicitor for Daniel McCallum.

A \$2.50 DICTIONARY FOR \$1.00

Second Consignment Received

THE illustration represents the actual size of WEBSTER'S NEW, REVISED STANDARD DICTIONARY, which is offered to readers of the DAILY TIMES for ONE DOLLAR. It contains 700 pages, printed in clear type, on good paper and bound in limp leather covers. To secure this very useful book, all the reader has to do is to clip out the coupon in this advertisement from three consecutive issues of the Times and present them at the Times office with one dollar.

Additional to the complete Dictionary of Words and Definitions, it has a valuable appendix containing: A DICTIONARY OF HOMONYMS. A DICTIONARY OF FAMILIAR ALLUSIONS. A DICTIONARY OF MUSICAL TERMS. A DICTIONARY OF CHRISTIAN NAMES—with their origin and meaning. SIGNS AND SYMBOLS USED IN ASTRONOMY, CHEMISTRY, MATHEMATICS, COMMERCIAL PURSUITS, TYPOGRAPHY, MEDICINE, PHARMACY and PRESCRIPTIONS. A DICTIONARY OF PREFIXES and SUFFIXES. A DICTIONARY OF FOREIGN WORDS and PHRASES. A DICTIONARY OF ABBREVIATIONS and CONTRACTIONS in COMMON USE. HINTS ON HOW TO PUNCTUATE. HOW TO USE CAPITAL LETTERS. A DICTIONARY OF GRAMMATICAL TERMS, ETC.

OTHER IMPORTANT FEATURES

All derivatives are run in one paragraph under the root word. These derived words are in bold black type, so they stand out prominently as if each was a separate vocabulary entry. This novel plan saves much space and offers a large vocabulary in a small compass.

It contains colored plates showing NATIONAL COATS OF ARMS OF DIFFERENT NATIONS, DECORATIONS OF HONOR OF NOTED SOCIETIES AND ORDERS; FLAGS OF VARIOUS NATIONS; FAMOUS GEMS AND PRECIOUS STONES; CHIEF TYPES OF THE HUMAN RACE, ETC.

HOW TO GET IT

Clip the coupon from three consecutive issues of the Daily Times and bring to Times office, with one dollar and receive a beautiful Webster's New Revised Dictionary similar to illustration, bound in full limp leather, flexible, stamped in gold on back and sides, printed on Bible paper with red edges and corners rounded; beautiful, strong, durable.

Everybody Can Inspect Book Before Taking It.

No Other Kidney Pill Can Compare

With Gin Pills For All Kidney Troubles

GIN PILLS' record of cures has never been approached by any other remedy in this or any other country. GIN PILLS are the best prescription ever compounded for all Kidney and Urinary Diseases. Stone in the Bladder and Kidney, Diabetes, Rheumatism—all are due to uric acid in the blood. GIN PILLS are a positive solvent for uric acid calculi—and at the same time heal and strengthen the kidneys. GIN PILLS have saved many men and women from serious operations—and in thousands of cases, have saved untold suffering by giving prompt and permanent relief. Here are two men who owe their lives to GIN PILLS, and who gladly go on record to this effect. Read these letters carefully and see for yourself what GIN PILLS have done—and are doing every day.

Jollette, P. Q.
Gentlemen,
Four years ago I was taken down with Inflammation of the Bladder. During the attacks, which occurred more and more frequently, the agony was unbearable, and I became so weak I could not walk across the floor. The doctors could do nothing to relieve or cure me. My wife sent for a box of GIN PILLS to try and see if they would help me. From the first they did me good—the pain was relieved at once, and the attacks began to come at longer intervals. I continued taking the pills for six weeks, and then, to my surprise and delight, the stone I sent you some time ago came from me and my pain stopped. It is now three years since GIN PILLS cured me. I have had no return of the trouble, and I have not lost a day's work on account of it since.

There is not the slightest doubt that GIN PILLS saved my life. Yours gratefully, JOHN HERMAN.
573 James St. North, Hamilton, Ont.

"During August last I went to Montreal to consult a specialist, as I had been suffering terribly with stone in the Bladder. He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS. They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone. GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life."

J. ALBERT LESSARD.
If you have Backache, Swelling of Joints, Soreness of hands or feet, Black Specks before the eyes, cloudy or brick-dust urine, scanty or too frequent urination, tendency to headaches, Neuralgia or Rheumatism, your kidneys are affected. Write at once for free sample box of GIN PILLS and try them. Then, get the regular size boxes at your dealer's.

GIN PILLS are sent to us if your dealer does not have them. GIN PILLS are guaranteed by the largest wholesale drug house in the British Empire, and your money will be promptly refunded if GIN PILLS do not give satisfaction. Send for the free sample box of GIN PILLS to National Drug and Chemical Co. of Canada, Limited, Dept. V. T., Toronto.

Financial News

IMPROVEMENT IN NEW YORK MARKET

Reduction in Bank Rate Aids in Relieving Strain—Copper Metal Issues Strong

New York, May 11.—The past week has witnessed a decided change for the better in sentiment, not only in the financial community, but also in other quarters where the backward weather and crop conditions had previously exerted an adverse influence in general trade. It was quite apparent in the early part of the week that the ill-effect of the Steel Corporation's statement of earnings for the past quarter had in a great part spent its force and that the element which had met with such marked success in dislodging long stock in the previous week had forced security prices to a level which attracted buying of substantial nature. The government crop report, while truly not such as to warrant enthusiasm, was nevertheless construed as being somewhat more favorable than had been generally expected. The reduction in the Bank of England rate of discount, with like action, predicted on the part of the Continental banks, together with the relative ease of accommodations in this country, was also a factor which tended to relieve the stock market of the strain in which it had been laboring for some days. The marked strength of copper metal issues was a feature which was dwelt upon at length by those in close touch with the state of the copper industry and the rather clearly defined prospects for at least a continuation of, if not higher prices for the red metal. The copper producers report revealed a moderate increase in the surplus.

WHEAT MARKET WELL SUPPORTED

Chicago, May 11.—It was very clearly demonstrated to-day that the market has the elements of support and strength whenever the selling operations by the local trade go a little too far. It was the popular thing to take the selling side of the market this morning. The cables came weak and lower, charging more importance to bearish crop cables from Russia. The trade seemed to think the September (the safest to sell short and while tired focal longs were getting out of wheat the first hour there was aggressive short selling by bear element. The trade refused only a little encouragement to start in briskly on the buying side. Northwest receipts were down to 110 cars at the two big markets. Minneapolis decreased stocks 160,000 bushels for one day. The trade had reports of excessive rains in North Dakota, where the fields are under water and shortage in acreage of wheat threatened. The temper of trade and the character of the news suggest that on any forced break the market could be bought.

A concert on Monday evening in the church, to be given by the Toronto Quartette Concert Co., under direction of Ruthven Macdonald and under auspices of Epworth League. All are invited to the services and meetings of this church.

James Bay, corner of Michigan and Menzies streets. Sunday school and vespers services. Rev. J. F. Dimmick, of Ferns, will preach at both services and address an open session of the school in the afternoon. The morning service will be specially for the children, though suitable for all. The choir in the morning will be composed of members of the school. Special decorations. The morning service will begin at 10 o'clock and the evening service at 7 o'clock. The Epworth League will meet on Monday evening at 8 o'clock, when a missionary programme will be given. On Tuesday evening, commencing at 6.30, there will be a Sunday school banquet, to which are invited all the officers and teachers and the senior classes, with their husbands or wives as the case may be. Owing to the public meeting of the conference the prayer meeting will be withdrawn for this week. Choir practice on Friday evening at 8 o'clock.

BAPTIST.
Emmanuel, corner of Fernwood road and Gladstone avenue. Sermons by Rev. William Staveley, M. A., on "God and the Sanctity of Life," evening, 7.30. The inconsistencies of Christians." Sunday

If you are a regular member or attendant of some church whose statement of Belief you can conscientiously accept, this notice is not for you, it is intended only for the large and increasing number of serious and thoughtful men and women who have no church home.

The Church of the Open Mind
OUR SUPREME ASPIRATION

We strive to represent and embody in personal character and civic institution the New Christianity which is rising all about us, and which is but the original, simple but mighty Gospel of Jesus.

A Christianity which puts character-building above creed making, deeds of love above dogmas of wrath; service above sacrament; obedience to moral law above belief in theological statements.

A Christianity which makes the Golden Rule central; which uses the Sermon on the Mount rather than the Nicene Creed, as the Chart of Life; which appeals to love instead of to fear, and which encourages growth and discovery rather than conformity of opinion.

A Christianity which pleads for brotherhood and co-operation; which insists upon freedom, and which uses the Bible not to make a creed, but to enrich the life.

Perhaps you thought that the Unitarian Movement "meant denying something." We deny nothing; we try to keep our hearts and minds open to all truth from whatever source it may come. Many of us in the past, after leaving the ranks of orthodox, wandered far before learning that the Unitarian Movement offered us the freedom of thought for which we were seeking. It came as a revelation—it was so different to what others had told us about Unitarianism.

Can we help you as we have been helped? Our Secretary will be only too happy to forward you, free of charge, some of our literature. Perhaps it may brighten your path—who knows? In any case you will be under no obligation to us, but rather we shall esteem it a privilege to be able to help you. Please give us this privilege.

Address SECRETARY, P. O. Box 1372, Victoria, B. C.
Service to-morrow evening at 7.30 in the Unitarian Hall, 1230 Government Street.
Minister, REV. SIDNEY LINDRIDGE, B. D.
